He put a stop to shooting and took active steps to stop poaching on his land, which had been a hunting ground because of the large variety and number of game and developed a large private

zoological park. A government gazette issued on 24th February 1928 announced that 14,600 sq. km of land was to be established as Wankie Game Reserve. Herbert's land lay to the north of the Reserve. He was a determined defender of the Game Reserve against local farmers who urged the Government to exterminate the game and open up the country and he fought continuously for the preservation of African wildlife.

In 1934 fearing that his land would be sold on his death to become a 'shooting box', he offered to bequeath it to the Southern Rhodesian Government on condition that it be maintained for all time as a game sanctuary. It is possibly the first game sanctuary, protecting animals from hunting, recorded in Southern Africa if not Africa and was bequeathed by Robins to the country on his death in 1939, with the proviso that it would always remain a game sanctuary.

In his will, HG Robins requested his body be left in the bush to be "consumed by wild animals". His request was denied by the government and he was buried near Robins Camp where his grave can be seen today. The tower at the homestead now houses a small museum in memory of Robins and the fascinating collection found at the camp will surely be a highlight of your stay.

Johannesburg Area, South Africa

Johannesburg is located on the highveld plateau and experiences a subtropical highland climate. The city enjoys a sunny climate year-round, with hot days, afternoon thundershowers, and cool evenings during the summer months (October to April). In the winter months (May to September), the weather is marked by dry, sunny days and cold nights. Due to its high elevation, Johannesburg typically has mild temperatures, with an average maximum of 25.6°C in January and around 16°C in June. The UV index during the summer is extremely high, often reaching levels of 14-16, due to the city's elevation and proximity to the equator.

FLIGHTS

Seat Selection & Frequent Flyer Points

At TripADeal, we do not arrange seat selection. It is essential to highlight that some airlines do not allow pre-selected seats. We strongly suggest you contact the airline directly with seating allocation requirements and/or arrive at the airport earlier to arrange your seating. While we do not add frequent flyer member details to bookings, you can do this directly with the airline once you have your flight information.

Passport Validity

Customers must provide valid passport

details either at the time of purchase or no later than 45 days before the departure date. Failure to do so may result in the cancellation of the booking. Customers will be responsible for any costs and fees incurred in this instance.

COACH TOUR

Meals

24 meals in total are included in the package. For meals not included, the tour leader (when available) will offer assistance with reservations, suggestions and directions to local restaurants. It is your responsibility to notify TripADeal of any dietary requests/requirements. Please note: We will do our best to meet your requests/requirements; however, we cannot guarantee that we will always be able to.

Fitness Level Required

Adventure (and spontaneity) create some of the best travel memories. Bear in mind, your home schedules and timings might not be adhered to on tour - it's all part of the fun!

A moderate level of fitness will be required. Moderate may involve more physical activity, including biking, longer day hikes or extended walking and standing, low-altitude treks, and water-based activities such as canoeing or low-grade kayaking. Guests using any walking aid other than a walking stick would be

advised to reconsider as surfaces may be uneven.

Please note: If you have any concerns please consult your healthcare provider prior to purchase/travel.

Yellow Fever

A valid international certificate of vaccination against Yellow Fever is required in many countries. You may need to present this on arrival at the airport or border crossing. Some countries will refuse entry if you are unable to present your certificate. It's also common for your home country to request a Yellow Fever certificate upon arrival. You must check with your doctor well before leaving home about the Yellow Fever requirements for the countries you'll be visiting.

Sightseeing

Please note: If the entrance to a site is affected by changes in operating hours or public holiday closures, your itinerary, where possible, may be adjusted, or a similar activity will be offered in its place (subject to availability).

Shopping

Shopping overseas can be a daunting and confusing experience, especially when there is a language barrier. Please be very cautious when foreign currencies and prices are involved. If paying by credit card, please pay close attention to the amount you are being charged and keep all your receipts. Do not make any purchases you are not comfortable with or feel pressured into. If you are uncertain or need assistance with the language barrier, please seek assistance from your Tour Guide/Leader. Please refer to our [Terms and Conditions](#) regarding shopping for further information.

Zimbabwe

Passengers travelling on an Australian or New Zealand passport entering Zimbabwe & Zambia for tourism purposes are required to pay for a double entry, 30-day KAZA visa on point of entry into Victoria Falls or Livingstone and costs approximately \$50 USD (approximately \$75 AUD - subject to change). This visa will cover Zimbabwe and can be paid on arrival. Please bring the exact amount in USD cash. Visas can also be purchased prior to travel, if you do pre-purchase your visa please ensure you have a hard copy of the visa ready for immigration.

New Zimbabwe Immigration Requirements

To streamline and speed up the immigration process on arrival, the Zimbabwe Immigration Department has implemented an [online immigration declaration form](#) that ideally should be completed by all travellers prior to arriving at any Zimbabwean border post, including Victoria Falls Airport. This new online process will, in time, replace the manual immigration declaration form and is aimed at improving the guest experience at border control.

Important:

- *Please start arranging your visa three weeks before departure to account for any delays due to consulate operating hours.*
- *Visa rules may have changed since Covid-19. Some countries and airlines may require you to obtain an additional visa before arrival. Please check with the nearest embassy, consulate or immigration department of the destination you're entering.*

Please note:

- *Passengers who are not Australian citizens must also check with the respective consulate or visa agency to determine what their visa requirements are and what personal identification is required.*
- *It is also important to note that some areas of employment, such as journalism, government authorities and charity organisations, may have additional restrictions in applying for Visas. This may, in turn, affect the type of application required.*

Travel Insurance

Embarking on your next trip is exciting, and while you hope the unexpected does not happen, it is best to be prepared. We strongly recommend you take out travel insurance when making your booking.
