Gateway to the English Channel and one of Britain's most historically significant port towns, Dover has stood at the crossroads of European history for millennia.

The iconic White Cliffs, formed from chalk laid down over 70 million years ago, define the coastline and have served as a landmark for sailors and travellers across the centuries.

The Itinerary

Dover Castle, perched high above the town, dates back over two thousand years - from Iron Age earthworks to Cold War tunnels - and stands as one of the most historically layered sites on the English coast. The town itself retains the character of a working port, with the bustle of the harbour framing your departure toward the Norwegian coast.

Overnight: Swan Hellenic's SH Diana
Meals included: Dinner

Day 6 Cruising

Take the time to sit back on sea days and watch the world glide by. The ship's observation decks provide stunning views of the passing ocean. A day at sea gives you the opportunity to mingle with other passengers and share your experiences of this incredible trip or head to our library which is stocked full of reference books. Get an expert's view in one of our on-board lectures, or perhaps perfect your photography skills with invaluable advice from our onboard professional photographers.

Day 7 Mandal, Norway

The southernmost town in Norway has a curving one-kilometre grassy dune-backed beach, Sea Sand, one of seven beaches in Furulunden forest park. Sea Sand is only one of the calm, beautiful hideaways surrounding this charming town of white-painted buildings at the mouth of the river Mandalselva. The snaking waterway is filled with sailboats while gentle hills rise as a backdrop. Mandal also has the largest wooden church in Norway, seating 1,800 people.

Overnight: Swan Hellenic's SH Diana
Meals included: Breakfast; Lunch; Dinner

Day 8 Bergen, Norway

A magnificent gateway to the fjords, Bergen is a medieval port surrounded by mountains.

From the beauty of Bryggen, the seafront maze of ancient timber buildings, to the modern Floibanen Funicular that soars up Floyen peak, no one would want to miss this city.

Other highlights are the aquarium, the KODE art museum encompassing Norway's Edvard Munch, as well as Picasso, while outside town is composer Edvard Grieg's enchanting house.

Overnight: Swan Hellenic's SH Diana
Meals included: Breakfast; Lunch; Dinner

Day 9 Nordfjordeid, Norway

Nordfjordeid is a small town in western Norway, situated at the end of the Eidsfjorden branch of the larger Nordfjord. It serves as the administrative centre of Stad Municipality and is known for its stunning fjord landscapes, strong maritime traditions and rich Viking heritage.

The town is home to the Sagastad visitor centre, where a full-scale reconstruction of the Viking ship Myklebust can be seen.

Surrounded by mountains, rivers and fertile farmland, Nordfjordeid is a popular gateway for exploring the natural beauty and cultural history of the Nordfjord region.

Overnight: Swan Hellenic's SH Diana
Meals included: Breakfast; Lunch; Dinner

The Itinerary

Day 10 Geiranger, Norway

Geiranger is a small village at the head of Geirangerfjord. This UNESCO heritage site was named for its staggering mix of snow-capped peaks, clear blue waters, lush greenery and magnificent waterfalls.

The mighty Seven Sisters are a series of seven waterfalls cascading down a steep cliff face. The 1.5-kilometre Geiranger Skywalk at Dalsnibba offers panoramic vistas.

In Geiranger, the Norwegian Fjord Centre is the visitor and education hub of the fjord region.

Overnight: Swan Hellenic's SH Diana
Meals included: Breakfast; Lunch; Dinner

Day 11 Cruising

Take the time to sit back on sea days and watch the world glide by. The ship's observation decks provide stunning views of the passing ocean. A day at sea gives you the opportunity to mingle with other passengers and share your experiences of this incredible trip or head to our library which is stocked full of reference books. Get an expert's view in one of our on-board lectures, or perhaps perfect your photography skills with invaluable advice from our onboard professional photographers.

Overnight: Swan Hellenic's SH Diana
Meals included: Breakfast; Lunch; Dinner

Day 12 Leknes, Lofoten - Cruising Trollfjorden, Norway

In the Lofoten Islands, Leknes, the main town on Vestvagoya Island above the Arctic Circle, is nestled on the bay-like Buksnesfjorden. The surreal landscape features red-painted houses against craggy, mountainous isles.

In summer, the white sand beaches resemble the South Seas, while the region experiences almost two months of the midnight sun, Trollfjorden is unbelievable. A 100 metre-wide entrance to a narrow fjord with near-vertical mountainous sides up to 1,100 metres, the passage slices through Austvagoya, on the edge of the Lofoten Islands.

As the ship enters the fjord, the silence is broken only by the gentle sound of the ship's engines and the occasional cry of a white-tailed eagle soaring overhead. At the end of the fjord, the ship slowly spins, offering a final captivating view.

Overnight: Swan Hellenic's SH Diana
Meals included: Breakfast; Lunch; Dinner

Day 13 Harstad, Norway

Harstad is the largest town in the Troms region of northern Norway and serves as a practical and cultural hub for the surrounding archipelago.

Unlike many Norwegian towns, Harstad was spared significant destruction during World War II, leaving its early 20th-century architecture largely intact — a rarity in the north.

The town sits at the northern tip of Hinnoya, the largest island in Norway, surrounded by a rugged landscape of mountains, fjords and open sea.

The Itinerary

The medieval Trondenes Church, dating from the 13th century and one of the northernmost medieval stone churches in the world, stands just outside the town and remains in active use to this day.

Overnight: Swan Hellenic's SH Diana
Meals included: Breakfast; Lunch; Dinner

Day 14 Bear Island, Soerhamna, Svalbard & Jan Mayen

The greatest bird cliff in the Barents Sea is on Bear Island, or Bjornoya, Svalbard's southernmost island. Atlantic puffins, northern gannets, glaucous gulls, great skuas, black-legged kittiwakes, little auks, common guillemots and Brunnich's guillemots nest on the steep cliffs near Kapp Kolthoff, south of Sorhamna. The ocean has sculpted sea stack rock columns, sea caves and tunnels, with a notable tunnel at Perleporten.

Overnight: Swan Hellenic's SH Diana
Meals included: Breakfast; Lunch; Dinner

Day 15 Gashamna - Burgerbukta, Svalbard

Gashamna is a bay located on the southern coast of Hornsund in southern Spitsbergen, Svalbard. It holds historical significance as a site used by whalers in the 17th century, with remnants such as blubber ovens and graves still visible.

Surrounded by striking mountain scenery, Gashamna is also a valuable location for geological studies and offers insight into Svalbard's early human activity.

Burgerbukta is a scenic fjord branching off from Hornsund, named after the German geographer Georg Burger. Known for its stunning glaciers and dramatic peaks, it provides a breathtaking Arctic landscape. The fjord is frequently visited by expedition cruises for its calving glaciers, rich birdlife and opportunities to observe seals and polar bears in their natural habitat.

Overnight: Swan Hellenic's SH Diana
Meals included: Breakfast; Lunch; Dinner

Day 16 Calypsobyen, Recherchefjorden - Vaersolbukta, Svalbard

Calypsobyen is an abandoned coal-mining settlement on the shores of Recherchefjorden, a small fjord in the Bellsund region of Spitsbergen, Svalbard.

Established by the Northern Exploration Company in 1918–1919, Calypsobyen was intended to support coal extraction, but the deposits proved too limited and the harsh coastal conditions made shipping difficult. The settlement was abandoned by 1920, leaving behind a collection of historic buildings and mining relics that today serve as important cultural heritage sites and reminders of Svalbard's early industrial history.

Varsolbukta is a scenic bay in the Bellsund region of Spitsbergen, Svalbard, known for its large colonies of little auks (dovekies), rich moss tundra and abundant wildlife, including Svalbard reindeer.

The bay's fertile vegetation is sustained by nutrients from hundreds of thousands of nesting seabirds. Varsolbukta also contains historic remains from early 20th-century exploration and mining activities associated with the Northern Exploration Company, making it both an important natural and cultural heritage site in Svalbard.

Overnight: Swan Hellenic's SH Diana

TOUR GUIDE VS. TOUR LEADER

Tour Guide:

Often locals with intimate knowledge of an area, its culture, and history. Their role entails providing commentary, routing the tour, and seeing that people have a good time. They are a licensed, qualified expert who supplies specific information on the history, art, architecture and culture of the city/village/attraction where they are guiding the tour. The guide meets the group at the required place and leaves it at the end of the tour; they do not travel with the group.

Tour Leader:

An experienced person tasked with ensuring the smooth operation of tours, as well as providing practical support to passengers throughout the whole trip. Their role primarily includes assisting with accommodation, transportation between locations, and communication with tour guides at each stop. A tour leader may provide general guidance around a city or village and offer information on the place visited on the bus. However, they are not required to have specific art, architecture, or historical knowledge. They are not allowed to provide a guided tour or commentary of a city/village/attraction once there and, if caught doing so, can be fined.

Please note: Tour leaders/guides are not a standard inclusion in all travel offers. Tour leaders/guides will only be made available when required to enhance the experience of the destination featured.

CLIMATE & AVERAGE TEMPERATURES

Weather

We always suggest referring to an online source for the most up-to-date weather information for your destination/s.

London

In June, London enjoys mild, pleasant early summer weather. Average daytime temperatures typically range from 12C to 21°C, with some warmer days reaching up to 26°C, especially toward the end of the month. Mornings and evenings can still be a bit cool, so light layers are recommended. Rain is always a possibility in London, with occasional showers scattered throughout the month, but there are also longer periods of sunshine and blooming parks, making it a lovely time to explore the city.

Norwegian Fjords

During June, the weather is generally mild, with long daylight hours and significant regional variations. Famous for its long days of day light hours lasting around 18 - 19 hours. Daytime temperatures typically range from 9 - 18 degrees with the west coast experiencing more rainfall than the east. Relatively warm conditions in the sunshine with waterfalls at peak flow from snowmelt and windier conditions through the fjords.

Copenhagen

Copenhagen in June and July offers pleasant summer weather, making it an ideal time to visit. In June, average daytime high temperatures typically reach around 19-20°C (66-68°F), while nights are cooler, dropping to about 11-13°C (52-55°F). It's one of the sunniest months with ample daylight hours (around 17-18 hours), and while there's a moderate chance of rain, showers are usually brief. The city's beaches and harbour baths become popular as the sea temperature begins to warm up. Moving into July, Copenhagen experiences its warmest period, with average daytime highs often reaching 20-21°C (68-70°F), and comfortable evening lows around 13-16°C (55-61°F). July continues to offer long daylight hours

Important Information

and plenty of sunshine, though it can be slightly wetter than June with a higher chance of scattered showers. Both months are generally considered comfortable and mild, perfect for exploring the city's outdoor attractions and enjoying the vibrant summer atmosphere.

Svalbard

In June and July, Svalbard experiences its brief but intense 'polar summer', characterised by 24-hour daylight due to the midnight sun and the mildest temperatures of the year. In June, average daily high temperatures typically hover around 3°C to 5°C, with lows dipping to about -1°C to 1°C. While snow melting begins, it can still feel quite chilly and some areas may retain snow cover. Moving into July, it's the warmest month, with average daily highs reaching approximately 6°C to 8°C, and lows around 2°C to 4°C. Days above 10°C are rare, but the continuous daylight and relatively "warm" conditions compared to the rest of the year make it the prime time for wildlife viewing, hiking on exposed tundra and exploring by boat as sea ice recedes. Despite being summer, visitors should always be prepared for cold, windy, and potentially damp conditions, with layering essential.

As an extension of the EES implementation introduced from 2025, ETIAS travel authorisation is a mandatory entry requirement for visa-exempt nationals travelling to any of these 30 European countries, including Australian and New Zealand citizens, that will be introduced in 2026. We advise you to monitor smartraveller.gov.au closer to your departure to ensure you are up to date on the requirements at the time of entry.

Important:

- *Please start arranging your visa three weeks before departure to account for any delays due to consulate operating hours.*
- *Visa rules are subject to change. Please check with the nearest embassy, consulate or immigration department of the destination/s you are visiting once you receive your travel documentation to ensure you have the most up to date information.*
- *It is your responsibility to be travel-ready and ensure that you are aware and comply with any destination or travel requirements, including the validity of all required travel documents.*
- *Passengers who are not Australian citizens must also check with the respective consulate or visa agency to determine what their visa requirements are and what personal identification is required.*
- *It is also important to note that some areas of employment, such as journalism, government authorities and charity organisations, may have additional restrictions in applying for visas. This may, in turn, affect the type of application required.*
