

Japan Cherry Blossoms

NAGOYA ● NARA ● HAMAMATSU

The Offer

Experience the magic of Japan's vibrant culture and fascinating ancient customs during the enchanting cherry blossom (sakura) season on this incredible 10-day tour. This is a perfect time to experience the country's unique natural beauty as it transforms into a sea of pink and white blossoms, symbolising the arrival of spring.

After landing in the captivating city of Tokyo, you'll head to Mt Fuji's 5th Station for commanding views of the Fuji Five Lakes area before taking in the breathtaking scenery of surrounding mountains from a short cruise across Lake Kawaguchiko. Your journey continues in Nara Park, where you can hand-feed thousands of deer, thought to be messengers of the gods and national treasures symbolising the city. Stop by historically significant temples before exploring bustling Osaka, where you can take an optional Hiroshima tour and then head off to Kyoto for a day at leisure. Keep your camera handy as you marvel at the thousands of stone foxes in the Toyokawa Inari shrine, admire Japanese-style gardens in Yokohama and immerse yourself in the innovation and creativity of exciting Tokyo. The highlight of your adventure through Japan is an unforgettable visit to Ueno Park, home to over a thousand

large and beautiful cherry trees which bloom in late March to early April each year. Here you can enjoy a leisurely stroll along the pathways to take in the breathtaking blossoms, enjoy a picnic under the trees or visit the park's Tokyo National Museum.

Don't miss this once-in-a-lifetime opportunity to experience the wonder of cherry blossom season in Japan with return internationals, 8 nights of quality hotel accommodation, daily breakfast, airport transfers, and so much more.

Want more? Add extra days to your itinerary with Arrive Early and Stay Behind in Tokyo, Japan packages.

Please note: The Cherry Blossom can be difficult to predict. Every year is different and there are variations across the country. What's more, there are multiple sakura varieties, each coming into flower at a slightly different time and lasting for a different period (most stay for around two weeks). Therefore we cannot guarantee the trees will be blooming in locations visited on this itinerary. To increase the likelihood of cherry blossom viewings, we recommend booking dates later in March.

Other Important Information

TOUR GUIDE VS. TOUR LEADER

Tour Guide:

Often locals with intimate knowledge of an area, its culture, and history. Their role entails providing commentary, routing the tour, and seeing that people have a good time. They are a licensed, qualified expert who supplies specific information on the history, art, architecture and culture of the city/village/attraction where they are guiding the tour. The guide meets the group at the required place and leaves it at the end of the tour; they do not travel with the group.

Tour Leader:

An experienced person tasked with ensuring the smooth operation of tours, as well as providing practical support to passengers throughout the whole trip. Their role primarily includes assisting with accommodation, transportation between locations, and communication with tour guides at each stop. A tour leader may provide general guidance around a city or village and offer information on the place visited on the bus. However, they are not required to have specific art, architecture, or historical knowledge. They are not allowed to provide a guided tour or commentary of a city/village/attraction once there and, if caught doing so, can be fined.

Please note: Tour leaders/guides are not a standard inclusion in all travel offers. Tour leaders/guides will only be made available when required to enhance the experience of the destination featured.

CLIMATE & AVERAGE TEMPERATURES

Temperatures at the beginning of March typically remain low, but as the month progresses the weather across Honshu becomes more Spring like (avg temp: 10°C) and the much-anticipated cherry blossoms make an appearance by the end of the month in Tokyo, Kyoto and other central parts of the island. Despite warmer days, a jumper is still worth packing for cooler evenings and showers are more common throughout March.
