Other Important Information

TOUR GUIDE VS. TOUR LEADER

Tour Guide:

Often locals with intimate knowledge of an area, its culture, and history. Their role entails providing commentary, routing the tour, and seeing that people have a good time. They are a licensed, qualified expert who supplies specific information on the history, art, architecture and culture of the city/village/attraction where they are guiding the tour. The guide meets the group at the required place and leaves it at the end of the tour; they do not travel with the group.

Tour Leader:

An experienced person tasked with ensuring the smooth operation of tours, as well as providing practical support to passengers throughout the whole trip. Their role primarily includes assisting with accommodation, transportation between locations, and communication with tour guides at each stop. A tour leader may provide general guidance around a city or village and offer information on the place visited on the bus. However, they are not required to have specific art, architecture,

or historical knowledge. They are not allowed to provide a guided tour or commentary of a city/village/attraction once there and, if caught doing so, can be fined.

Please note: Tour leaders/guides are not a standard inclusion in all travel offers. Tour leaders/guides will only be made available when required to enhance the experience of the destination featured.

OTHER

Mobility:

If you require wheelchair access please contact our friendly sales and service team to inquire on your behalf.

Fitness Level Required:

Adventure (and spontaneity) create some of the best travel memories. Bear in mind, your home schedules and timings might not be adhered to on tour - it's all part of the fun!

A Moderate level of fitness will be required.

Expect a moderate pace of touring with a focus on guided tours that may include full days with extended activity, guided city tours or nature walks. You will require a general level of fitness for unassisted navigation of stairs and inclines, longer distances with possible periods of standing when visiting sites, walking on sloping, uneven ground or elevations. You will be responsible for your own luggage and have the ability to board all modes of transport without assistance. Please note: Many areas may be inaccessible to wheelchairs or mobility scooters, where the unassisted use of personal walking sticks and other aids may be required. Although some assistance may be available, every traveller should be self-reliant during all aspects of their travel.

Please note: It is expected that every traveller must be self-reliant and able to undertake all aspects of their own travel. Please speak to your booking agent about your personal circumstances and any assistance requirements to ensure this tour is right for you.

Important Information

Please note: If you have any concerns, please consult your healthcare provider prior to purchase/travel.

Climate & Average Temperatures

The Cape York region has a tropical climate with high to very high temperatures experienced throughout the year. The average annual temperature is 26°C. For July to August, the average is 23°C. Annual and seasonal average rainfall are variable, affected by local factors such as topography and vegetation, and broader scale weather patterns such as the El Niño–Southern Oscillation. Their dry season is between May and October, which is generally the best time to enjoy the Cape York Peninsula.

The annual average rainfall is 1305mm. The rainfall is highly seasonal, with most rain falling during the wet season (October–March) either as heavy thunderstorms, monsoonal lows or tropical cyclones. The region's annual average potential evaporation is almost 50% greater than the annual average rainfall, which contributes to the depletion of soil moisture.

Weather

We always suggest referring to an online source for the most up-to-date weather information for your destination/s.

FLIGHTS

Seat Selection & Frequent Flyer Points:

We do not arrange seat selection. It is essential to highlight that some airlines do not allow pre-selected seats. We strongly suggest you contact the airline directly with seating allocation requirements and/or arrive at the airport earlier to arrange your seating. While we do not add frequent flyer member details to bookings, you can do this directly with the airline once you have your flight information.

Dietary Requests

Meal options and availability differ between airlines and routes therefore not all dietary requests can be accommodated. If your flight includes meals we will select

the most suitable option available based on the dietary requirements you have specified. All meal requests are subject to airline approval and are not guaranteed, therefore we recommend preparing for your flight by bringing appropriate food for yourself, as required.

COACH TOUR

Meals:

For meals not included, the tour leader (when available) will offer assistance with reservations, suggestions and directions to local restaurants. It is your responsibility to notify us of any dietary requests/requirements.

Please note: We will do our best to meet your requests/requirements; however, we cannot guarantee that we will always be able to.

Luggage:

You will be responsible for all your personal belongings whilst on tour. You must carry your own luggage from the vehicle to the hotel room and back to the vehicle. The driver will assist with the uploading and unloading of bags from the vehicle.

Please note while our vehicles are custom built and equipped with adequate storage areas, please keep your luggage to a minimum – maximum 10kg, in a small soft bag (wheels are ok). Large suitcases are not suitable. If your Cape York Experience is part of an extended holiday and you have to bring more clothing than the above, this can be stored at most hotels and apartments in Cairns.

It is requested that all passengers bring a soft bag approximately 300mm x 300mm x 700 mm, no suitcases or hard body cases as they can damage others. An overnight bag is perfect or a smaller type duffle-bag. We have found that backpacks with external frames are difficult to stow.

Sightseeing:

Please note: If entry to a site is affected by changes in operating hours or public holiday closures, your itinerary, where possible, may

be adjusted, or a similar activity will be offered in its place (subject to availability).

Shopping:

Shopping can be a daunting and confusing experience, especially when there is a language barrier. Please be very cautious when prices are involved. If paying by credit card, please pay close attention to the amount you are being charged and keep all your receipts.

Do not make any purchases you are not comfortable with or feel pressured into. If you are uncertain or need assistance with the language barrier, please seek assistance from your Tour Guide/Leader. Please refer to our [Terms and Conditions](#) regarding shopping for further information.

Travel Insurance

Embarking on your next trip is exciting, and while you hope the unexpected does not happen, it is best to be prepared. We strongly recommend you take out travel insurance when making your booking. Whether it's a potential medical emergency, a flight cancellation, a delayed suitcase, or an unforeseen event, it's important to ensure you're adequately protected. Supplier Fees

Important Information

In the event the tour package you have purchased is unable to proceed, and/or a Travel Supplier is unable to fulfil the tour due to external circumstances (Limitation of Liability e.g. a Force Majeure event), there may be a fee or amount of money that is withheld by our Suppliers and is unrecoverable. This may be due to non-refundable airline tickets, cancellation penalties with cruise cabins or unrecoverable payments with our land/accommodation partners. If refunds are not available from Suppliers, we will endeavour to obtain a travel credit on the best terms available and communicate these outcomes to you. In the event we are unable to obtain a refund or travel service credit, or part thereof, this cost is passed on to the customer as a Supplier Fee.
