Other Important Information

TOUR GUIDE VS. TOUR LEADER

Tour Guide

Often locals with intimate knowledge of an area, its culture, and history. Their role entails providing commentary, routing the tour, and seeing that people have a good time. They are a licensed, qualified expert who supplies specific information on the history, art, architecture and culture of the city/village/attraction where they are guiding the tour. The guide meets the group at the required place and leaves it at the end of the tour; they do not travel with the group.

Tour Leader

An experienced person tasked with ensuring the smooth operation of tours, as well as providing practical support to passengers throughout the whole trip. Their role primarily includes assisting with accommodation, transportation between locations, and communication with tour guides at each stop. A tour leader may provide general guidance around a city or village and offer information on the place visited on the bus. However, they are not required to have specific art, architecture, or historical knowledge. They are not allowed to provide a guided tour or commentary of a city/village/attraction once there and, if caught doing so, can be fined.

Please note: Tour leaders/guides are not a standard inclusion in all travel offers. Tour leaders/guides will only be made available when required to enhance the experience of the destination featured.

CLIMATE & AVERAGE TEMPERATURES

Kenya

The climate of Kenya varies by location,

Important Information

from mostly cool every day, to always warm/hot. The interior of Kenya has an arid climate, is nearly devoid of rainfall, and temperature swings widely according to the general time of the day/night. For many areas of Kenya, the daytime temperature rises about 12°C almost every day.

Tanzania

From July to August, Tanzania's weather is generally the coolest, the sunniest and the driest. June is a good month almost everywhere, but in the northeast, the long rains can linger on until this month. September is also a good month, but at lower elevations, the days can be hot. In October, the season of the short rains begins in the north, though in the first half of the month, there is usually little rain, however, it can get hot at low altitudes. In November rain tends to fall overnight, this is an ideal month for nature lovers as the land blooms.

Uganda

Uganda is near the Equator. As a result, the climate does not change much and the country can be visited throughout the year. The rainy seasons tend to be from February to April and October to December, but this varies in different areas and it can rain any time of year, especially in the forest and mountainous areas. Travel can be slower in the rainy season but the views are often better. Gorilla tracking can be muddier but it can certainly be done. In the mountainous areas it is much colder than on the plains and the rainfall is greater. The temperatures on the plains tend to be between 21°C and 30°C and in the mountainous areas they can go down to 10°C in certain months, especially November.

FLIGHTS

Seat Selection & Frequent Flyer Points

We do not arrange seat selection. It is essential to highlight that some airlines do not allow pre-selected seats. We strongly suggest you contact the airline directly with seating allocation requirements and/

or arrive at the airport earlier to arrange your seating. While we do not add frequent flyer member details to bookings, you can do this directly with the airline once you have your flight information.

Passport Validity

Customers must provide valid passport details either at the time of purchase or no later than 45 days before the departure date. Failure to do so may result in the cancellation of the booking. Customers will be responsible for any costs and fees incurred in this instance.

COACH TOUR

Meals

For meals not included, the tour leader (when available) will offer assistance with reservations, suggestions and directions to local restaurants. It is your responsibility to notify us of any dietary requests/requirements.

Please note: We will do our best to meet your requests/requirements; however, we cannot guarantee that we will always be able to.

Luggage

You will be responsible for all your personal belongings whilst on tour. You must carry your own luggage from the vehicle to the hotel room and back to the vehicle. The driver will assist with the uploading and unloading of bags from the vehicle.

Packing For The Tour

Camping / Accommodated Tours: Your luggage is limited to one backpack and one day pack weighing no more than 23kg. Please keep in mind that this is a safari tour in a specially designed truck and luggage should NOT include any Samsonite-style suitcases. As the wheelie/trolley bags have a solid frame, they don't fit into spaces the same way a backpack or a duffel bag does. Locker sizes are ±35cm sq, 80cm deep - your bag must fit in the locker. If the frame of your suitcase does not fit these diameters, there is unfortunately nowhere else to safely store your bag.

Fitness Level Required

Adventure (and spontaneity) create some of the best travel memories. Bear in mind, your home schedules and timings might not be adhered to on tour - it's all part of the fun!

A moderate level of fitness will be required. A moderate level of fitness may involve more physical activity, including biking, longer day hikes or extended walking and standing, low-altitude treks, and water-based activities such as canoeing or low-grade kayaking. Guests using any walking aid other than a walking stick would be advised to reconsider as

Important Information

surfaces may be uneven.

Please note: If you have any concerns, please consult your healthcare provider prior to purchase/travel.

Yellow Fever

A valid international certificate of vaccination against Yellow Fever is required in many countries. You may need to present this on arrival at the airport or border crossing. Some countries will refuse entry if you are unable to present your certificate. It's also common for your home country to request a Yellow Fever certificate upon arrival. You must check with your doctor well before leaving home about the Yellow Fever requirements for the countries you'll be visiting.

Gratuities/Tipping

Land

Gratuities (tips) are not included for the services of the tour leader (when available) and driver throughout the tour. The recommended tip is \$5USD per person per day. This covers the guide/leader and the driver and will be collected on tour.

Please note: Tipping for services provided is always a matter of personal discretion; however, please be aware that many locals consider tipping part of their normal remuneration, and they may approach you for payment; there's no need to be intimidated by the request.

Sightseeing

Please note: If entry to a site is affected by changes in operating hours or public holiday closures, your itinerary, where possible, may be adjusted, or a similar activity will be offered in its place (subject to availability).

Shopping

Shopping overseas can be a daunting and confusing experience, especially when there is a language barrier. Please be very cautious when foreign currencies and prices are involved. If paying by credit card, please pay close attention to the amount you are being charged and keep all your receipts. Do not make any purchases you

are not comfortable with or feel pressured into. If you are uncertain or need assistance with the language barrier, please seek assistance from your Tour Guide/Leader. Please refer to our [Terms and Conditions](#) regarding shopping for further information.

Visas

Kenya

All travellers to Kenya must apply for an e-visa (approx 30 USD) through the online web platform before being allowed to enter the Republic of Kenya, via the [website](#).

Tanzania

A tourist visa is a strict requirement when travelling to Tanzania on an Australian Passport. More information may be found at <http://www.tanzaniaconsul.com/>

Uganda

A single-entry tourist visa is a strict requirement when travelling to Uganda on an Australian passport. This cost is approximately \$50 USD (subject to change) and can be arranged online directly through the Uganda Directorate of Citizenship and Immigration.

Important:

- Please start arranging your visa three weeks before departure to account for any delays due to consulate operating hours.
- Visa rules may have changed since Covid-19. Some countries and airlines may require you to obtain an additional visa before arrival. Please check with the nearest embassy, consulate or immigration department of the destination you're entering.

Please note:

- Passengers who are not Australian citizens must also check with the respective consulate or visa agency to determine what their visa requirements are and what personal identification is required.

- It is also important to note that some areas of employment, such as journalism, government authorities and charity organisations, may have additional restrictions in applying for visas. This may, in turn, affect the type of application required.

Travel Insurance

Embarking on your next trip is exciting, and while you hope the unexpected does not happen, it is best to be prepared. We strongly recommend you take out travel insurance when making your booking. Whether it's a potential medical emergency, a flight cancellation, a delayed suitcase, or an unforeseen event, it's important to ensure you're adequately protected.
