Other Important Information

TOUR GUIDE VS. TOUR LEADER

Tour Guide

Often locals with intimate knowledge of an area, its culture, and history. Their role entails providing commentary, routing the tour, and seeing that people have a good time. They are a licensed, qualified expert who supplies specific information on the history, art, architecture and culture of the city/village/attraction where they are guiding the tour. The guide meets the group at the required place and leaves it at the end of the tour; they do not travel with the group.

Tour Leader

An experienced person tasked with ensuring the smooth operation of tours, as well as providing practical support to passengers throughout the whole trip. Their role primarily includes assisting with accommodation, transportation between locations, and communication with tour guides at each stop. A tour leader may provide general guidance around a city or village and offer information on the place visited on the bus. However, they are not

Gratuities/Tipping

Land

Japan

While Japan does not have a tipping culture for most services, the travel industry works a little differently and there is still an expectation of tipping on these tours. While tipping is not mandatory, it is common practice and a gesture of appreciation which is shared amongst the local guides, drivers and other staff members who have serviced your tour. The expected tip is \$10 per person per day, paid in local currency where touring and/or transfer services are provided. Please factor this into your holiday budget, as we know this is going to be an amazing adventure!

South Korea

Gratuities (tips) are not included for the services of the tour leader (when available)

and driver throughout the tour. The recommended tip is the equivalent of \$10 AUD per person per day in local currency where touring and/or transfer services are provided. This covers the guide/leader and the driver and will be collected on tour.

Sightseeing

Please note: If entry to a site is affected by changes in operating hours or public holiday closures, your itinerary, where possible, may be adjusted, or a similar activity will be offered in its place (subject to availability).

Shopping

Shopping overseas can be a daunting and confusing experience, especially when there is a language barrier. Please be very cautious when foreign currencies and prices are involved. If paying by credit card, please pay close attention to the amount you are being charged and keep all your receipts. Do not make any purchases you are not comfortable with or feel pressured into. If you are uncertain or need assistance with the language barrier, please seek assistance from your Tour Guide/Leader. Please refer to our [Terms and Conditions](#) regarding shopping for further information.

Visas

Japan

A tourist visa is not required for Australian or New Zealand citizens visiting Japan for stays of up to 90 days.

South Korea

Australian passport holders can visit as tourists for stays of up to 90 days without applying for a K-ETA (or visa waiver). The South Korean Government has announced that Australian passport holders will remain exempt from applying for a K-ETA until 31 December 2026.

While you don't need a visa or a K-ETA, you do need to complete a digital arrival card. See the official government portal at www.e-arrivalcard.go.kr.

Important:

- *Please start arranging your visa three weeks before departure to account for any delays due to consulate operating hours.*
- *Visa rules may have changed since Covid-19. Some countries and airlines may require you to obtain an additional visa before arrival. Please check with the nearest embassy, consulate or immigration department of the destination you're entering.*

Please note:

- *Passengers who are not Australian citizens must also check with the respective consulate or visa agency to determine what their visa requirements are and what personal identification is required.*
- *It is also important to note that some areas of employment, such as journalism, government authorities and charity organisations, may have additional restrictions in applying for visas. This may, in turn, affect the type of application required.*

Travel Insurance

Embarking on your next trip is exciting, and while you hope the unexpected does not happen, it is best to be prepared. We strongly recommend you take out travel insurance when making your booking. Whether it's a potential medical emergency, a flight cancellation, a delayed suitcase, or an unforeseen event, it's important to ensure you're adequately protected.
