Along with the smaller pyramids, the sight of these huge structures is unforgettable.

Next, visit the pyramid of Chephren. The best preserved of the three main Giza Pyramids, the top part still retains the original facing of smoothly-finished stone, giving an idea of how the

pyramids would originally have appeared. Beside the pyramid of Chephren, you will see the Great Sphinx, carved out of a natural rocky outcrop. The lion's body stretches 45 metres.

Afterwards continue to the pyramid of Mycerinus, the smallest of the three pyramids and partly dressed with pink granite slabs. Following the tour of the pyramids, you will visit Memphis, one of the most important cities in Egypt. From the 3rd millennium BC, this 'City of the Dead' was the capital of ancient Egypt when King Menes unified upper and lower Egypt. Then continue visiting the Pyramids of King Zoser in Saqqara. Other Important Information

TOUR GUIDE VS. TOUR LEADER

Tour Guide

Often locals with intimate knowledge of an area, its culture, and history. Their role entails providing commentary, routing the tour, and seeing that people have a good time. They are a licensed, qualified expert who supplies specific information on the history, art, architecture and culture of the city/village/attraction where they are guiding the tour. The guide meets the group at the required place and leaves it at the end of the tour; they do not travel with the group.

Tour Leader

An experienced person tasked with ensuring the smooth operation of tours, as well as providing practical support to passengers throughout the whole trip. Their role primarily includes assisting with accommodation, transportation between locations, and communication with tour guides at each stop. A tour leader may provide general guidance around a city or village and offer information on the place visited on the bus. However, they are not required to have specific art, architecture, or historical knowledge. They are not allowed to provide a guided tour or commentary of a city/village/attraction once there and, if caught doing so, can be fined.

Please note: Tour leaders/guides are not a standard inclusion in all travel offers. Tour leaders/guides will only be made available when required to enhance the experience of the destination featured.

- In May, the tourist season is in full swing in Cairo and the weather is already very warm. The average temperature reaches a high of 32°C during the day and at night only dips to a low of around 18°C.

Temperatures rarely fluctuate by more than a few degrees either side of the long-term average. You can expect no rain during this month and there are 13 hours of sunlight each day on average.

September/October

Temperatures begin to cool off a little during September though the daily weather is still hot. The daytime temperature reaches an average maximum of 35°C, and the temperature falls to an average minimum between 26 and 27°C overnight. FLIGHTS

Seat Selection & Frequent Flyer Points

At TripADeal we do not arrange seat selection. It is essential to highlight that some airlines do not allow pre-selected seats. We strongly suggest you contact the airline directly with seating allocation requirements and/or arrive at the airport earlier to arrange your seating. While we do not add frequent flyer member details to bookings, you can do this directly with the airline once you have your flight information.

Passport Validity

Where required, customers must provide valid passport details either at the time of purchase or no later than 45 days before the departure date. Failure to do so may result in the cancellation of the booking. Customers will be responsible for any costs and fees incurred in this instance.

CRUISE

Embarkation/Disembarkation

- Begins approximately 2 hours after docking.
- Due to security reasons, all guests must be on board 2 hours before sailing.

You will be responsible for all your personal belongings whilst on tour. You must carry your own luggage from the vehicle to the hotel room and back to the vehicle. The driver will assist with the

Gratuities/Tipping

Gratuities (tips) are not included in the tour price for services of the guide. The highly recommended tip is \$10 USD per person, per day. This covers the guide, ship crew, hotel porters and drivers.

Please note: In Egypt tipping is a firm and customary element of the tourism industry and is therefore highly recommended. While tipping is not mandatory, it is a common practice in Egypt and a gesture of appreciation which is shared amongst the local guides, drivers and other staff members who have serviced your tour. As most tour guides in Egypt consider tipping a part of their income, please don't feel intimidated should the tour guides approach you for payment.

Sightseeing

Visas

A tourist visa is a strict requirement when travelling to Egypt on an Australian passport. The tourist visas' are available for purchase upon arrival.

Important:

- *Visa rules may have changed since Covid-19. Some countries and airlines may require you to obtain an additional visa before arrival. Please check with the nearest embassy, consulate or immigration department of the destination you're entering.*

Please note:

- *It is your responsibility to be travel-ready and ensure that you are aware and comply with any destination or travel requirements, including the validity of all required travel documents.*
