Pilanesberg Game Reserve is set in the crater of a long extinct volcano, and ranks among the largest of the parks in South Africa. It is situated within the transition zone between the dry Kalahari and the wetter Lowveld vegetation, commonly referred to as Bushveld. Unique overlaps of mammals, birds and vegetation occur because of this transition zone. The fascinating combination of geology, landscape and rainfall gives rise to different patterns of vegetation - wide open grasslands, steep hill slopes, rocky outcrops, wooded valleys, thickets and thickly wooded gorges.

Pilanesberg accommodates virtually every mammal of southern Africa and is also home to healthy populations of lion, leopard, black and white rhino, elephant and buffalo. A wide variety of rare and common species exist here such as the nocturnal brown hyaena, the fleet-footed cheetah and the majestic sable. Bird watching is excellent with over 300 species recorded.

Ivory Tree Game Lodge is a five-star game lodge located inside the Pilanesberg Game Reserve. The lodge's thatched rooms are elegantly furnished with African themes and each comes with a patio, air-conditioning and en-suite bathroom with bath and shower. The main area consists of two lounges, a cocktail bar, dining room, outdoor pool and a fire pit. The safari lodge experience includes guided game drives in a 10-seater safari vehicle through the magnificent game reserve. Other activities offered in the surrounding area include archery, quad biking and bird watching (not included - available at extra cost).

Other Important Information

TOUR GUIDE VS. TOUR LEADER

Tour Guide

Often locals with intimate knowledge of an area, its culture, and history. Their role entails providing commentary, routing the tour, and seeing that people have a good time. They are a licensed, qualified expert who supplies specific information on the history, art, architecture and culture of the city/village/attraction where they are guiding the tour. The guide meets the group at the required place and leaves it at the end of the tour; they do not travel with

the group.

Tour Leader

An experienced person tasked with ensuring the smooth operation of tours, as well as providing practical support to passengers throughout the whole trip. Their role primarily includes assisting with accommodation, transportation between locations, and communication with tour guides at each stop. A tour leader may provide general guidance around a city or village and offer information on the place visited on the bus. However, they are not required to have specific art, architecture, or historical knowledge. They are not allowed to provide a guided tour or commentary of a city/village/attraction once there and, if caught doing so, can be fined.

Please note: Tour leaders/guides are not a standard inclusion in all travel offers. Tour leaders/guides will only be made available when required to enhance the experience of the destination featured.

CLIMATE & AVERAGE TEMPERATURES

Johannesburg Area

Johannesburg is situated on the highveld plateau and has a subtropical highland climate. The city enjoys a sunny climate, with the summer months (October to April) characterised by hot days followed by afternoon thundershowers and cool evenings, and the winter months (May to September) by dry, sunny days followed by cold nights. Temperatures in Johannesburg are usually fairly mild due to the city's high elevation, with an average maximum daytime temperature in January of 25.6°C, dropping to an average maximum of around 16°C in June. The UV index for Johannesburg in summers is extreme, often reaching 14-16 due to the high elevation and proximity to the equator.

Cape Town

Cape Town has a Mediterranean-style climate: wet and cool winters, dry and warm summers. The annual average temperature in Cape Town is a delightful 17°C.

Victoria Falls

In the area of Victoria Falls, the climate is sub-tropical, with a mild and dry winter from mid-May to mid-August (during which, however, nights are cold), and a hot, muggy and rainy summer from mid-November to mid-March. The rains occur in the form of downpours or thunderstorms. Between September and November, before the rainy season, there is a hot period, which is in fact the hottest of the year, with temperatures easily reaching 35°C, and sometimes up to 40°C, even though the humidity is not as high as in summer. October is the hottest month of the year. On the contrary, in winter, when during the day the weather is nice, the temperature at night may approach freezing (0°C).

Please note: The amount of water at Victoria Falls (waterfall) will depend on the seasonality.

Fitness Level Required

Adventure (and spontaneity) create some of the best travel memories. Bear in mind, your home schedules and timings might not be adhered to on tour - it's all part of

the fun!

A moderate level of fitness will be required. Expect a moderate pace of touring with a focus on guided tours that may include full days with extended activities, guided city tours or nature walks. You will require a general level of fitness for unassisted navigation of stairs and inclines, longer distances with possible periods of standing when visiting sites, walking on sloping, uneven ground or elevations. You will be responsible for your own luggage and have the ability to board all modes of transport without assistance.

Please note:

- *Many areas may be inaccessible to wheelchairs or mobility scooters, where the unassisted use of personal walking sticks and other aids may be required. Although some assistance may be available, every traveller should be self-reliant during all aspects of their travel.*
- *It is expected that every traveller must be self-reliant and able to undertake all aspects of their own travel. Please speak to your booking agent about your personal circumstances and any assistance requirements to ensure this tour is right for you.*
- *If you have any concerns, please consult your healthcare provider prior to purchase/travel.*

Yellow Fever

A valid international certificate of vaccination against Yellow Fever is required in many countries. You may need to present this on arrival at the airport or border crossing. Some countries will refuse entry if you are unable to present your certificate. It's also common for your home country to request a Yellow Fever certificate upon arrival.

You must check with your doctor well before leaving home about the Yellow Fever requirements for the countries you'll be visiting.

Sightseeing

Please note: If entry to a site is affected by changes in operating hours or public holiday

closures, your itinerary, where possible, may be adjusted, or a similar activity will be offered in its place (subject to availability).

Wildlife

TripADeal cannot guarantee animal sightings. Wildlife are unpredictable and factors such as weather conditions, predatory fear and animal movements can impact sightings.

Shopping

Shopping overseas can be a daunting and confusing experience, especially when there is a language barrier. Please be very cautious when foreign currencies and prices are involved. If paying by credit card, please pay close attention to the amount you are being charged and keep all your receipts. Do not make any purchases you are not comfortable with or feel pressured into. If you are uncertain or need assistance with the language barrier, please seek assistance from your Tour Guide/Leader. Please refer to our [Terms and Conditions](#) regarding shopping for further information.

Visas

South Africa

A tourist visa for South Africa is not required for stays up to 90 days if travelling on an Australian or New Zealand Passport.

Zimbabwe

A tourist visa is a strict requirement when travelling to Zimbabwe on an Australian or New Zealand Passport. Visa options, including Single Entry, Double Entry, and the KAZA Uni-Visa, are available for purchase either online prior to departure or upon arrival at the port of entry (Visa On Arrival - VOA). All visa fees are payable in US Dollars cash (Please bring the exact amount in USD cash).

Travellers must consult their full itinerary to determine the correct visa type required, as border crossings or overnight stays in neighbouring countries will affect the validity of a Single Entry, Double Entry or KAZA Uni-Visa.

Important Information

New Zimbabwe Immigration Requirements

To streamline and speed up the immigration process on arrival, the Zimbabwe Immigration Department has implemented an online immigration declaration form that ideally should be completed by all travellers prior to arriving at any Zimbabwean border post, including Victoria Falls Airport. This new online process will, in time, replace the manual immigration declaration form and is aimed at improving the guest experience at border control.

- If travellers can't fill it out beforehand, there are fallback options: Completing it on arrival via your own device (if there is Wi-Fi)
- Using devices provided by immigration at the point of entry
- Or filling out a physical form upon arrival, if necessary.

Please note: As it stands, we are not asking clients to have this completed beforehand – we have not had any news that this is a pre-requisite and therefore it is business as usual until such time that it becomes an official requirements. <https://evisa.gov.zw/app/index.html#/standby-kiosk>

Important:

- *Please start arranging your visa three weeks before departure to account for any delays due to consulate operating hours.*
- *Visa rules are subject to change. Please check with the nearest embassy, consulate or immigration department of the destination/s you are visiting once you receive your travel documentation to ensure you have the most up to date information.*
- *It is your responsibility to be travel-ready and ensure that you are aware and comply with any destination or travel requirements, including the validity of all required travel documents.*
- *Passengers who are not Australian citizens must also check with the respective consulate or visa agency to determine what their visa requirements are and what personal identification is required.*

- *It is also important to note that some areas of employment, such as journalism, government authorities and charity organisations, may have additional restrictions in applying for visas. This may, in turn, affect the type of application required.*
