Day 3 Drake Passage, International Waters

Sailing the legendary Drake Passage is an experience that few are ever lucky enough to experience. The southern tip of the Americas already feels like a wild enough environment – but the sensation of watching the distant cliffs of the peninsula known as the 'End of the World' fade into the horizon, is one that's equal parts epic, eerie and magical.

Set sail from Cape Horn, and voyage on an expedition into the icy underworld of Antarctica. On the journey across Drake Passage search for soaring albatrosses and maybe even a pod of humpbacks and hourglass dolphins or two. Converging warm and cool ocean currents attract some spectacular animal life to the passage.

The Itinerary

Day 5 Antarctic Sound, Antarctica

Few voyages ignite the imagination like a journey down to one of the planet's most remote, extreme and enchanting wildernesses, Antarctica. An adventure in its purest form, only a handful of people will ever be lucky enough to experience the majestic beauty of these monochrome landscapes first-hand. The Antarctic Sound will be one of your first encounters of this whitewashed kingdom, located at the northerly tip of the Antarctic Peninsula - which sprawls up like a tentacle towards Tierra del Fuego, South America's most southerly point, otherwise known as the 'End of the World'.

Taking its name from the first ship to brave the passageway between the peninsular and the Joinville Island group back in 1902, the Sound is a raw, sensory assault of imposing iceberg slabs, broken away from the disintegrating Larsen Ice Shelf. Come face-to-face with stadium-size islands of ice and meet the extraordinary birdlife that calls this whitewashed kingdom home. Watch out for colonies of Gentoo penguins hopping around, and cape petrels swooping overhead, as the continent's unique wildlife thrives around you. If you're planning your first venture into Antarctica, you'll want to brush up on your photography skills in advance, to capture this unforgiving continent in all of its unrestrained glory.

Two included shore excursions:

- Zodiac cruise with the Silversea Expedition team.
- Hiking with the Silversea Expedition team.

Day 6 Antarctic Peninsula, Antarctica

The Antarctic Peninsula unravels upwards towards South America, reaching out a beckoning finger to the adventurous, who dare to explore this untamed realm. Stretching up from the heart of the world's southernmost continent, the Antarctic Peninsula lies a mere 620 mile from Tierra del Fuego and, for many, offers a spectacular first taste of the snow-blanketed landscapes and colossal ice sculptures, which make up Earth's least-explored continent.

Unseen by humans until 1820 - a blink of an eye ago in relative terms - this is an adventure sure to make your hairs stand on end, as you experience the thrill of the truly unknown and extraordinary. The vast peninsula is sprinkled with research bases, which are at the frontline of human scientific endeavour, pushing to study and understand this unique landscape, its exceptional wildlife, and the impact that humans are having on this pristine continent.

Witness cathedral-sized icebergs up close, and blue-hued glaciers, slowly slipping from imposing locations like Hope Bay. Blanched mountain peaks cover the peninsula, home to thousands of adorable Adelie penguin pairs thriving undisturbed in this peninsula's unique setting.

The Itinerary

Day 9 South Shetland Islands, Antarctica

The ice-coated Antarctic Peninsula forms perhaps the most accessible region of mainland Antarctica, lying a mere 480-miles away from South America, across the fabled waters of Drake Passage. Lying close to the northwestern tip of the Antarctic Peninsula, separated by the Bransfield Strait, the South Shetland Islands fall under the jurisdiction of the Antarctic Treaty, suspending claims on their sovereignty. Several countries maintain research bases here, and with plump elephant seals and crowds of Gentoo, Chinstrap and Adelie penguins also calling the islands home, it can even feel a little crowded at times.

King George Island is the largest and most hospitable island, hosting the majority of the research stations - some of which are populated all-year-round by tiny, hardy crews. Don't be fooled though, these islands offer extraordinary adventure in one of the most remote locations on earth. The triple peaks of Mount Foster tower above the archipelago, and you'll feel your heart pumping a little quicker as you sail into the core of Deception Island's magnificent collapsed volcano caldera.

Hike the lunar landscapes within, and even dip into the improbably warm, geothermally-heated waters of Pendulum Cove. Elephant Island, meanwhile, is written deep into the annals of Antarctic expedition legend, as the site where Ernest Shackleton and the stricken crew of the Endurance miraculously survived a harsh Antarctic winter in 1916.

One included shore excursion:

- Zodiac cruise with the Silversea Expedition team.

Day 11 Puerto Williams, Chile

Puerto Williams is a Chilean city located on Navarino Island on the southern shores of the Beagle Channel. It claims to be the "southernmost city in the world", however owing to its small size - 2500 residents approximately - the much larger Argentinean city of Ushuaia, which sits on the northern side of the same channel, also claims that title.

The surrounding scenery is magnificent. The wild windswept mountains rise above the tree line and are regularly dusted with snow. The city itself has a dramatic backdrop called "Dientes de Navarino" (literally "teeth of Navarino"), which rivals the famous Torres del Paine further to the north. The area was originally used by the Yaghan people, hunter-gatherers.

The current city was established as a naval base in 1953 and honours the British-Chilean naval commander John Williams Wilson of the 16th century. Initially it served to protect territorial possessions and fishing rights of the area, as well as offering logistical support to Antarctic bases. More recently it has become a departure point for scientific and tourism trips to the Antarctic region. Puerto Williams charms the visitor with its small village feel, complete with rustic buildings and the homely smell of drifting wood smoke. A haven of peace at the end of the world.

Other Important Information

CLIMATE & AVERAGE TEMPERATURES

Chile

In March, Chile experiences the transition from summer to autumn, offering generally pleasant and varied weather across the country. In Santiago, the capital, daytime temperatures typically range between 12°C and 28°C, with warm, sunny days and cooler nights. As you travel further south to Puerto Williams—the southernmost town in Chile—the weather becomes noticeably cooler and more unpredictable. Temperatures in Puerto Williams during March usually range from 4°C to 12°C, with a mix of cloudy skies, occasional rain, and brisk winds. This month is ideal for exploring the diverse landscapes of Chile, from the warm valleys of the central region to the dramatic, windswept scenery of Patagonia.

Antarctica

In March, Antarctica is transitioning from summer to the colder winter season. Temperatures begin to drop, typically

ranging from about -2°C to -15°C, depending on the location and elevation. Coastal areas, such as the Antarctic Peninsula—where most cruises visit—tend to be slightly warmer, hovering around -2°C to -8°C, while inland areas can be much colder. March is one of the last months of the cruise season, offering dramatic icy landscapes, fewer tourists, and the chance to witness wildlife preparing for winter—like penguin chicks beginning to fledge and seals becoming more active. The weather can be unpredictable, with increasing wind and chances of snow, but it still allows for incredible photo opportunities and immersive experiences in one of the most remote regions on Earth.

We always suggest referring to an online source for the most up-to-date weather information for your destination/s.

FLIGHTS

Seat Selection & Frequent Flyer Points:

We do not arrange seat selection. It is essential to highlight that some airlines do not allow pre-selected seats. We strongly suggest you contact the airline directly with seating allocation requirements and/or arrive at the airport earlier to arrange your seating. While we do not add frequent flyer member details to bookings, you can do this directly with the airline once you have your flight information.

Passport Validity:

Customers must provide valid passport details either at the time of purchase or no later than 45 days before the departure date. Failure to do so may result in the cancellation of the booking. Customers will be responsible for any costs and fees incurred in this instance.

CRUISE

Embarkation / Disembarkation:

- Begins approximately 2 hours after docking.

- Due to security reasons, all guests must be on board 2 hours before sailing.
- Itineraries are subject to change at any time without notice.
- Check your specific sailing for exact departure and arrival times. All times are local to the port.

Please note: Strict Covid-19 terms may also apply regarding proof of insurance covering Covid-19 and/or vaccination. Please refer to the cruise lines' terms and conditions for further information before boarding.

Cruise Loyalty Discounts:

Please note: Travellers must contact the cruise line directly upon receiving their travel documents in order to request any membership benefits they may be entitled to.

Fitness Level Required:

Adventure (and spontaneity) create some of the best travel memories. Bear in mind, your home schedules and timings might not be adhered to on tour - it's all part of the fun!

A moderate level of fitness will be required.

Expect a moderate pace of touring with a focus on guided tours that may include full days with extended activities and nature walks. You will require a general level of fitness for unassisted navigation of stairs and inclines, longer distances with possible periods of standing when visiting sites, walking on sloping, uneven ground or elevations. You will be responsible for your

own luggage and have the ability to board all modes of transport without assistance. Please note: Many areas may be inaccessible to wheelchairs or mobility scooters, where the unassisted use of personal walking sticks and other aids may be required. Although some assistance may be available, every traveller should be self-reliant during all aspects of their travel.

Please note: It is expected that every traveller must be self-reliant and able to undertake all aspects of their own travel. Please speak to your booking agent about your personal circumstances and any assistance requirements to ensure this tour is right for you.

Please note: If you have any concerns, please consult your healthcare provider prior to purchase/travel.

Yellow Fever:

A valid international certificate of vaccination against Yellow Fever is required in many countries. You may need to present this on arrival at the airport or border crossing. Some countries will refuse entry if you are unable to present your certificate. It's also common for your home country to request a Yellow Fever certificate upon arrival.

You must check with your doctor well before leaving home about the Yellow Fever requirements for the countries you'll be visiting.

Sightseeing:

Please note: If entry to a site is affected by changes in operating hours or public holiday closures, your itinerary, where possible, may be adjusted, or a similar activity will be offered in its place (subject to availability).

Shopping:

Shopping overseas can be a daunting and confusing experience, especially when there is a language barrier. Please be very cautious when foreign currencies and prices are involved. If paying by credit card, please pay close attention to the amount you are being charged and keep all your receipts.

Do not make any purchases you are not comfortable with or feel pressured into. If you are uncertain or need assistance with the language barrier, please seek assistance from your Tour Guide/Leader. Please refer to our [Terms and Conditions](#) regarding shopping for further information.

Visas

Chile

If you are travelling to Chile, you must obtain your visa before you arrive in Chile. The application process can be lengthy, so allow yourself enough time before your planned travel. If you arrive in Chile without a valid visa, you won't be able to pass the immigration point, and you'll be sent back to your last port of departure. You won't be able to obtain a visa at the airport or border entry point. To enter Chile, Australian citizens must obtain a visa before arrival: please reach out to the Chilean consulate for any visa requirements.

Important:

- *Please start arranging your visa three weeks before departure to account for any delays due to consulate operating hours.*
- *Visa rules are subject to change. Please check with the nearest embassy, consulate or immigration department of the destination/s you are visiting once you receive your travel documentation to ensure you have the most up to date information.*
- *It is your responsibility to be travel-ready and ensure that you are aware and comply with any destination or travel requirements, including the validity of all required travel documents.*
- *Passengers who are not Australian citizens must also check with the respective consulate or visa agency to determine what their visa requirements are and what personal identification is required.*

- *It is also important to note that some areas of employment, such as journalism, government authorities and charity organisations, may have additional restrictions in applying for visas. This may, in turn, affect the type of application required.*

Travel Insurance

Embarking on your next trip is exciting, and while you hope the unexpected does not happen, it is best to be prepared. We strongly recommend you take out travel insurance when making your booking. Whether it's a potential medical emergency, a flight cancellation, a delayed suitcase, or an unforeseen event, it's important to ensure you're adequately protected.
