Other Important Information

TOUR GUIDE VS. TOUR LEADER

Tour Guide:

Often locals with intimate knowledge of an area, its culture, and history. Their role entails providing commentary, routing the tour, and seeing that people have a good time. They are a licensed, qualified expert who supplies specific information on the history, art, architecture and culture of the city/village/attraction where they are guiding the tour. The guide meets the group at the required place and leaves it at the end of the tour; they do not travel with the group.

Tour Leader:

An experienced person tasked with ensuring the smooth operation of tours, as well as providing practical support to passengers throughout the whole trip. Their role primarily includes assisting with accommodation, transportation between locations, and communication with tour guides at each stop. A tour leader may provide general guidance around a city or village and offer information on the place visited on the bus. However, they are not required to have specific art, architecture, or historical knowledge. They are not allowed to provide a guided tour or commentary of a city/village/attraction once there and, if caught doing so, can be fined.

Please note: Tour leaders/guides are not a standard inclusion in all travel offers. Tour leaders/guides will only be made available when required to enhance the experience of the destination featured.

CLIMATE & AVERAGE TEMPERATURES

The best time to visit Nepal is during Spring and Autumn, however, Nepal can be visited the whole year round. There is no seasonal constraint on travelling in and through Nepal. Even in December and January, when winter is at its most severe, there is compensating sunshine and brilliant views.

Important Information

Weather

We always suggest referring to an online source for the most up-to-date weather information for your destination/s.

High Altitude Sickness

Altitude sickness can occur at high elevations when the body receives less oxygen. It can affect anyone, regardless of age or fitness, with symptoms such as headache, nausea, dizziness, fatigue, and shortness of breath.

Tips to help prevent altitude sickness:

- Stay well hydrated and eat light, high-carbohydrate meals
- Avoid overexertion during the first 24–48 hours at high altitudes
- Limit alcohol and avoid smoking
- Consult your healthcare professional about preventive medications or your suitability for travel to high-altitude areas

FLIGHTS

Seat Selection & Frequent Flyer Points:

We do not arrange seat selection. It is essential to highlight that some airlines do not allow pre-selected seats. We strongly suggest you contact the airline directly with seating allocation requirements and/or arrive at the airport earlier to arrange your seating. While we do not add frequent flyer member details to bookings, you can do this directly with the airline once you have your flight information.

Passport Validity:

Customers must provide valid passport details either at the time of purchase or no later than 90 days before the departure date. Failure to do so may result in the cancellation of the booking. Customers will be responsible for any costs and fees incurred in this instance.

COACH TOUR

Meals:

For meals not included, the tour leader (when available) will offer assistance with reservations, suggestions and directions to local restaurants. It is your responsibility to

notify us of any dietary requests/requirements.

Please note: We will do our best to meet your requests/requirements; however, we cannot guarantee that we will always be able to.

Luggage:

You will be responsible for all your personal belongings whilst on tour. You must carry your own luggage from the vehicle to the hotel room and back to the vehicle. The driver will assist with the uploading and unloading of bags from the vehicle.

Luggage/Backpack on Annapurna Base Camp Trek:

Your main luggage will be carried by porters on trek and you simply carry a daypack with a water bottle, camera, sunscreen, spare jacket etc during the trek, as small loads allow for full enjoyment of the trek. A trek bag is ideal for your main luggage, plus a small lockable bag for travel clothes or anything that you do not need during the trek which you can leave at the hotel's locker room/safe deposit box in Kathmandu free of charge. A porter is provided for every two trekkers, and a porter can carry about 20kg (10kg from each trekker).

OTHER

Mobility:

If you require wheelchair access please contact our friendly sales and service team to inquire on your behalf.

Fitness Level Required:

Adventure (and spontaneity) create some of the best travel memories. Bear in mind, your home schedules and timings might not be adhered to on tour - it's all part of the fun!

An active level of fitness will be required. Expect an active pace of travel where the focus is on adventure with no limitations. You will need to be self-reliant, physically fit and healthy to participate in fast-paced travel, extended walking/trekking over several hours/days, navigate steep steps,

slopes, rugged and uneven terrain, varying weather conditions, remote locations and higher elevations. You will be responsible for your own luggage and able to board all modes of transport without assistance.

This tour is typically inaccessible to wheelchairs, mobility scooters and those requiring assistance while travelling. The tour includes daily trekking from between 3 hours to 8 hours. You will reach an altitude of 4,130m above sea level.

Please note: It is expected that every traveller must be self-reliant and able to undertake all aspects of their own travel. Please speak to your booking agent about your personal circumstances and any assistance requirements to ensure this tour is right for you.

Please note: If you have any concerns, please consult your healthcare provider prior to purchase/travel.

Electricity & Battery Charges On Trek

Electricity is available in some of the villages on the trek, where you can recharge your camera batteries, and there is solar power in some villages that you will trek through. We suggest you bring spare batteries, and be prepared to pay a small fee to charge electronic items.

Insurance/Rescue/Evacuation

In case of a serious sickness or injury while you are on the Annapurna base camp trek, we will do everything to transfer you to the nearest hospital. You will be entirely liable for all the expenses incurred in the evacuation/rescue, so, please make sure that these expenses are covered by your insurance policy before departure

cautious when foreign currencies and prices are involved. If paying by credit card, please pay close attention to the amount you are being charged and keep all your receipts.

Visas

A tourist visa for Nepal is a strict requirement if travelling on an Australian Passport. This can be arranged upon arrival for \$30 USD and is valid for 15 days. Visitors should arrive with USD currency and 2 passport-sized photos.

Important:

- *Visa rules are subject to change. Please check with the nearest embassy, consulate or immigration department of the destination/s you are visiting once you receive your travel documentation to ensure you have the most up to date information.*
- *It is your responsibility to be travel-ready and ensure that you are aware and comply with any destination or travel requirements, including the validity of all required travel documents.*
- *Passengers who are not Australian citizens must also check with the respective consulate or visa agency to determine what their visa requirements are and what personal identification is required.*
- *It is also important to note that some areas of employment, such as journalism, government authorities and charity organisations, may have additional restrictions in applying for visas. This may, in turn, affect the type of application required.*

Embarking on your next trip is exciting, and while you hope the unexpected does not happen, it is best to be prepared. We strongly recommend you take out travel

insurance when making your booking. Whether it's a potential medical emergency, a flight cancellation, a delayed suitcase, or an unforeseen event, it's important to ensure you're adequately protected. For more information or advice visit <https://www.tripadeal.com.au/travel-insurance>
