

Silversea Antarctic Peninsula

ANTARCTICA

The Offer

Embark on a 14-day adventure that whisks you from the lively Chilean capital to the breathtaking, ice-sculpted landscapes of Antarctica and back. This immersive experience features a luxurious vessel, seamless charter flights, and opportunities for exploration via Zodiac excursions and invigorating hikes.

Arrive in the vibrant city of Santiago, Chile, for an overnight hotel stay. The following day, a charter flight whisks you away to Puerto Williams, where you'll board the elegant Silver Wind ship.

Set sail on the Silver Wind, an intimate and luxurious ship from Silversea Cruises, which accommodates around 274 guests in all-suite accommodation. This refined vessel blends comfort and modern elegance with amenities such as gourmet dining, elegant lounges, a pool deck, spa, and fitness centre.

Prepare for an epic voyage across the legendary Drake Passage, a sea lane steeped in maritime history. As the distant South American cliffs fade behind you, keep a watchful eye for soaring albatrosses and playful pods of dolphins accompanying your journey towards the icy

wonders of Antarctica. Majestic, skyscraper-sized icebergs will greet your arrival into this pristine realm, where penguins and whales roam freely.

Your exploration begins in the Antarctic Sound, a breathtaking passageway teeming with colossal ice formations calved from the Larsen Ice Shelf. Here, you'll have the chance to encounter colonies of Gentoo penguins during included Zodiac cruises and hikes led by the Silversea expedition team.

Continue your Antarctic discovery around the South Shetland Islands. Sail into the dramatic caldera of Deception Island's collapsed volcano. Reflect on the incredible survival story of Ernest Shackleton's crew on Elephant Island as you navigate these extraordinary landscapes.

After your immersive Antarctic experience, you'll cruise back across the Drake Passage before arriving once more in Puerto Williams for an overnight stay on board. A final charter flight returns you to Santiago for a night before your onward journey home,

14-DAY CRUISE PACKAGE | SILVERSEA ANTARCTIC PENINSULA

The Itinerary

Day 1 Australia (or New Zealand) - Santiago, Chile

Today, depart from Australia (or New Zealand) for Santiago, Chile. Upon arrival, be met and transferred to your hotel for an overnight stay.

Please note: Travellers departing Perth will depart on Day 0.

Overnight: Silversea Hotel or similar, Santiago Chile

Meals included: In-Flight

Day 2 Santiago - Puerto Williams

After check-out this morning, be transferred to the airport for your charter flight to Puerto Williams. Upon arrival, be transferred to the ship and embark on Silversea's 'Silver Wind' ship.

Puerto Williams is a Chilean city located on Navarino Island on the southern shores of the Beagle Channel. It claims to be the "southernmost city in the world"; however, owing to its small size – approximately 2,500 residents – the much larger Argentine city of Ushuaia, which sits on the northern side of the same channel, also claims that title. The surrounding scenery is magnificent. The wild, windswept mountains rise above the tree line and are regularly dusted with snow. The city itself has a dramatic backdrop called "Dientes de Navarino" (literally "teeth of Navarino"), which rivals the famous Torres del Paine further to the north. The area was originally used by the Yaghan people, hunter-gatherers who, despite enduring the harsh regional climate, could not weather the arrival of Europeans.

The current city was established as a naval base in 1953 and honours the British-Chilean naval commander John Williams Wilson of the 19th century. Initially, it served to protect the

territorial possessions and fishing rights of the area, as well as offering logistical support to Antarctic bases. More recently, it has become a departure point for scientific and tourism trips to the Antarctic region. In contrast to the bustle and traffic of a very commercial Ushuaia, Puerto Williams offers a quieter, more relaxed experience. It charms the visitor with a small village feel, complete with rustic buildings and the homely smell of drifting wood smoke—a haven of peace at the end of the world.

Overnight: Silversea Silver Wind

Meals included: Dinner

Day 3 Cruising, Drake Passage

Sailing the legendary Drake Passage is an experience that few are ever lucky enough to experience. The southern tip of the Americas already feels like a wild enough environment, but the sensation of watching the distant cliffs of the peninsular known as the "End of the World" fade into the horizon is one that's equal parts epic, eerie, and magical. Set sail to slowly drop off the bottom of the map from Cape Horn, and voyage on an expedition down into the icy underworld of Antarctica. Drake Passage is an extraordinary voyage of romantic ocean-faring legend, as you aim for Antarctica's icy realm.

On arrival, skyscraper-sized icebergs salute you as you traverse the waters of this continent, where snow and ice-dwelling creatures like penguins and whales roam undisturbed. Your first sight of this most unexplored place will most likely be the South Shetland Islands. Walk in the footsteps of some of history's greatest and bravest explorers as you explore famed, snow-covered landmasses like Elephant and Deception Island. If the journey across the Drake Passage sounds daunting, don't worry –

The Itinerary

even in rough seas, you're never alone and will often be accompanied on this spine-tingling adventure by soaring albatrosses and maybe even a protective pod of humpbacks and hourglass dolphins or two. Converging warm and cool ocean currents attract some spectacular animal life to the passage.

Overnight: Silversea Silver Wind

Day 4 Cruising, Drake Passage

Overnight: Silversea Silver Wind

Meals included: Breakfast; Lunch; Dinner

Day 5 Antarctic Sound, Antarctica

Few voyages ignite the imagination like a journey down to one of the planet's most remote, extreme, and enchanting wildernesses, Antarctica. An adventure in its purest form, only a handful of people will ever be lucky enough to experience the majestic beauty of these monochrome landscapes first-hand. The Antarctic Sound will be one of your first encounters with this whitewash kingdom, located at the northerly tip of the Antarctic Peninsula, which sprawls up like a tentacle towards Tierra del Fuego, South America's most southerly point.

Taking its name from the first ship to brave the passageway between the peninsular and the Joinville Island groups back in 1902, the Sound is a raw, sensory assault of imposing iceberg slabs, broken away from the disintegrating Larsen Ice Shelf. Come face-to-face with arena-sized islands of ice and meet the

extraordinary birdlife that calls this whitewash kingdom home. Watch out for colonies of Gentoo penguins and Cape petrels as the continent's unique wildlife thrives around you.

Two included shore excursions: Zodiac Cruise with the Silversea expedition team, Hiking with the Silversea expedition team

Overnight: Silversea Silver Wind

Meals included: Breakfast; Lunch; Dinner

Day 6 Antarctic Peninsula, Antarctica

The Antarctic Peninsula unravels upwards towards South America, reaching out a beckoning finger to the adventurous who dare to explore this untamed realm. Stretching up from the heart of the world's southernmost continent, the Antarctic Peninsula lies a mere 620 miles from Tierra del Fuego and, for many, offers a spectacular first taste of the snow-blanketed landscapes and colossal ice sculptures, which make up Earth's least-explored continent. Unseen by humans until 1820 - a blink of an eye ago in relative terms - this is an adventure sure to make your hair stand on end as you experience the thrill of the truly unknown and extraordinary. The vast peninsula is sprinkled with research bases, which are at the forefront of human scientific endeavour, pushing to study and understand this unique landscape, its exceptional wildlife, and the impact that humans are having on this pristine continent. Witness cathedral-sized icebergs up close and blue-hued glaciers slowly slipping from imposing locations like Hope Bay. Blanched mountain peaks cover the peninsula, and thousands of adorable Adelie penguin pairs thrive undisturbed in this peninsula's unique setting.

Two included shore excursions: Zodiac Cruise with the Silversea expedition team, Hiking with the Silversea expedition team.

Day 9 South Shetland Islands, Antarctica

The ice-coated Antarctic Peninsula forms perhaps the most accessible region of mainland Antarctica, lying a mere 480 miles away from South America, across the fabled waters of Drake Passage. Lying close to the northwestern tip of the Antarctic Peninsula, separated by the Bransfield Strait, the South Shetland Islands fall under the jurisdiction of the Antarctic Treaty, suspending claims on their sovereignty. Several countries maintain research bases here, and with plump elephant seals, and crowds of Gentoo, Chinstrap, and Adelie Penguins also calling the islands home, it can even feel a little crowded at times.

King George Island is the largest and most hospitable island, hosting the majority of the research stations, some of which are populated all year round by tiny, hardy crews. Don't be fooled, though; these islands offer extraordinary adventure in one of the most remote locations on Earth. The triple peaks of Mount Foster tower above the archipelago, and you'll feel your heart pumping a little quicker as you sail into the core of Deception Island's magnificent collapsed volcano caldera. Hike the lunar landscapes within, and even dip into the improbably warm, geothermally heated waters of Pendulum Cove. Elephant Island, meanwhile, is written deep into the annals of Antarctic expedition legend as the site where Ernest Shackleton and the stricken crew of the Endurance miraculously survived a harsh Antarctic winter in 1916.

Other Important Information

TOUR GUIDE VS. TOUR LEADER

Tour Guide

Often locals with intimate knowledge of an area, its culture, and history. Their role entails providing commentary, routing the tour, and seeing that people have a good time. They are a licensed, qualified expert who supplies specific information on the history, art, architecture and culture of the city/village/attraction where they are guiding the tour. The guide meets the group at the required place and leaves it at the end of the tour; they do not travel with the group.

Tour Leader

An experienced person tasked with ensuring the smooth operation of tours, as well as providing practical support to passengers throughout the whole trip. Their role primarily includes assisting with accommodation, transportation between locations, and communication with tour guides at each stop. A tour leader may provide general guidance around a city or village and offer information on the place visited on the bus. However, they are not required to have specific art, architecture, or historical knowledge. They are not allowed to provide a guided tour or commentary of a city/village/attraction once there and, if caught doing so, can be fined.

Please note: Tour leaders/guides are not a standard inclusion in all travel offers. Tour leaders/guides will only be made available when required to enhance the experience of the destination featured.

CLIMATE & AVERAGE TEMPERATURES

Santiago

In Santiago, Chile, the weather from October to December transitions from spring into early summer. October sees mild and pleasant conditions, with average daytime temperatures around 22°C and cooler nights near 9°C. By November,

temperatures rise, typically reaching 26°C during the day and around 11°C at night, with more consistent sunshine. December marks the start of summer, bringing warmer weather with average highs around 29°C and lows near 13°C. Rain is minimal during these months, and the climate remains dry with clear skies, making it an ideal time to visit the city.

Antarctica

In Antarctica, October to December marks the transition from late winter to early summer, bringing gradually milder conditions — though still extreme by most standards. In October, temperatures in coastal areas average around -15°C to -20°C, while inland regions can be much colder, often below -40°C. By November, coastal temperatures may rise to around -10°C, and daylight hours increase rapidly. December, the beginning of the Antarctic summer, brings the warmest conditions of the year, with coastal temperatures occasionally reaching just above 0°C, especially on the Antarctic Peninsula. This period also sees near 24-hour daylight and is a key time for scientific activity and wildlife sightings, as penguins, seals, and seabirds become more active.

If you require wheelchair access please contact our friendly sales and service team to inquire on your behalf.

Fitness Level Required

Adventure (and spontaneity) create some of the best travel memories. Bear in mind, your home schedules and timings might not be adhered to on tour - it's all part of the fun!

A moderate level of fitness will be required. Expect a moderate pace of touring with a focus on guided tours that may include full days with extended activity, guided city tours or nature walks. You will require a general level of fitness for unassisted navigation of stairs and inclines, longer distances with possible periods of standing when visiting sites, and walking on sloping, uneven ground or elevations. You will be responsible for your own luggage and have the ability to board all modes of transport without assistance.

Please note:

- *Many areas may be inaccessible to wheelchairs or mobility scooters, where the unassisted use of personal walking sticks and other aids may be required. Although some assistance may be available, every traveller should be self-reliant during all aspects of their travel.*
- *It is expected that every traveller must be self-reliant and able to undertake all aspects of their own travel. Please speak to your booking agent about your personal circumstances and any assistance requirements to ensure this tour is right for you.*
- *If you have any concerns, please consult your healthcare provider prior to purchase/travel.*

Yellow Fever

A valid international certificate of vaccination against Yellow Fever is required in many countries. You may need to present this on arrival at the airport or border crossing. Some countries will refuse entry if you are unable to present your certificate. It's also common for your home

country to request a Yellow Fever certificate upon arrival. You must check with your doctor well before leaving home about the Yellow Fever requirements for the countries you'll be visiting.

Sightseeing

Please note: If entry to a site is affected by changes in operating hours or public holiday closures, your itinerary, where possible, may be adjusted, or a similar activity will be offered in its place (subject to availability).

Shopping

Shopping overseas can be a daunting and confusing experience, especially when there is a language barrier. Please be very cautious when foreign currencies and prices are involved. If paying by credit card, please pay close attention to the amount you are being charged and keep all your receipts. Do not make any purchases you are not comfortable with or feel pressured into. If you are uncertain or need assistance with the language barrier, please seek assistance from your Tour Guide/Leader. Please refer to our [Terms and Conditions](#) regarding shopping for further information.

Visas

Chile

You must obtain your visa before you arrive in Chile. The application process can be lengthy, so allow yourself enough time before your planned travel. If you arrive in Chile without a valid visa, you won't be able to pass the immigration point, and you'll be sent back to your last port of departure. You won't be able to obtain a visa at the airport or border entry point. To enter Chile, Australian citizens must obtain a visa before arrival: SAC Sistema Atención Consular - Ciudadanos. Please reach out to the Chilean consulate for any visa requirements.

Important:

- *Please start arranging your visa three weeks before departure to account for any delays due to consulate operating hours.*

- *Visa rules are subject to change. Please check with the nearest embassy, consulate or immigration department of the destination/s you are visiting once you receive your travel documentation to ensure you have the most up to date information.*
- *It is your responsibility to be travel-ready and ensure that you are aware and comply with any destination or travel requirements, including the validity of all required travel documents.*
- *Passengers who are not Australian citizens must also check with the respective consulate or visa agency to determine what their visa requirements are and what personal identification is required.*
- *It is also important to note that some areas of employment, such as journalism, government authorities and charity organisations, may have additional restrictions in applying for visas. This may, in turn, affect the type of application required.*
