Other Important Information

TOUR GUIDE VS. TOUR LEADER

Tour Guide

Often locals with intimate knowledge of an area, its culture, and history. Their role entails providing commentary, routing the tour, and seeing that people have a good time. They are a licensed, qualified expert who supplies specific information on the history, art, architecture and culture of the city/village/attraction where they are guiding the tour. The guide meets the group at the required place and leaves it at the end of the tour; they do not travel with the group.

Tour Leader

An experienced person tasked with ensuring the smooth operation of tours, as well as providing practical support to passengers throughout the whole trip. Their role primarily includes assisting with accommodation, transportation between locations, and communication with tour guides at each stop. A tour leader may provide general guidance around a city or village and offer information on the place visited on the bus. However, they are not required to have specific art, architecture, or historical knowledge. They are not allowed to provide a guided tour or commentary of a city/village/attraction once there and, if caught doing so, can be fined.

Please note: Tour leaders/guides are not a standard inclusion in all travel offers. Tour leaders/guides will only be made available when required to enhance the experience of the destination featured.

CLIMATE & AVERAGE TEMPERATURES

In Singapore, November is typically hot, humid, and wet, as it falls within the Northeast Monsoon season. Daytime temperatures usually range from 30°C to 32°C, while nighttime lows hover around 24°C to 25°C. November sees frequent rainfall, often in the form of short but intense afternoon or evening thunderstorms. Despite the rain, there are still many warm and sunny periods throughout the day, and the lush greenery thrives in the tropical climate. Humidity

levels are high, often exceeding 80%, making it feel warmer than the actual temperature.

In Lombok, Indonesia, November is typically warm and marks the beginning of the rainy season. Daytime temperatures average around 30°C to 32°C, while nighttime lows are comfortably warm, around 23°C to 24°C. The rain often comes in short, heavy bursts rather than prolonged downpours, so travellers can still enjoy beach time, hiking, and exploring, though it's wise to plan outdoor activities earlier in the day.
