TOUR GUIDE VS. TOUR LEADER

Tour Guide

Often locals with intimate knowledge of an area, its culture, and history. Their role entails providing commentary, routing the tour, and seeing that people have a good time. They are a licensed, qualified expert who supplies specific information on the history, art, architecture and culture of the city/village/attraction where they are guiding the tour. The guide meets the group at the required place and leaves them at the end of the tour; they do not travel with the group.

Tour Leader

An experienced person tasked with ensuring the smooth operation of tours, as well as providing practical support to passengers throughout the whole trip. Their role primarily includes assisting with accommodation, transportation between locations, and communication with tour guides at each stop. A tour leader may

provide general guidance around a city or village and offer information on the place visited on the bus. However, they are not required to have specific art, architecture, or historical knowledge. They are not allowed to provide a guided tour or commentary of a city/village/attraction once there and, if caught doing so, can be fined.

Please note: Tour leaders/guides are not a standard inclusion in all travel offers. Tour leaders/guides will only be made available when required to enhance the experience of the destination featured.

CLIMATE & AVERAGE TEMPERATURES

The best time to visit Nepal is during Spring and Autumn, however, Nepal can be visited the whole year round. There is no seasonal constraint on traveling in and through Nepal. Even in December and January, when winter is at its severest, there are compensating bright sun and brilliant views.

High Altitude Sickness

Altitude sickness can occur at high elevations when the body receives less oxygen. It can affect anyone, regardless of age or fitness, with symptoms such as headache, nausea, dizziness, fatigue, and shortness of breath.

Tips to help prevent altitude sickness:

- Stay well hydrated and eat light, high-carbohydrate meals
- Avoid overexertion during the first 24–48 hours at high altitudes
- Limit alcohol and avoid smoking
- Consult your healthcare professional about preventive medications or your suitability for travel to high-altitude areas

We always suggest referring to an online source for the most up-to-date weather information for your destination/s.

Visas

A Tourist Visa for Nepal is required if travelling on an Australian Passport. This can be arranged on arrival for approximately \$30 USD, valid for 15 days. Visas must be arranged in USD currency at the border with 2 passport-sized photos.

Important:

- *Please start arranging your visa three weeks before departure to account for any delays due to consulate operating hours.*
- *Visa rules are subject to change. Please check with the nearest embassy, consulate or immigration department of the destination/s you are visiting once you receive your travel documentation to ensure you have the most up to date information.*
- *It is your responsibility to be travel-ready and ensure that you are aware and comply with any destination or travel requirements, including the validity of all required travel documents.*
- *Passengers who are not Australian citizens must also check with the respective consulate or visa agency to determine what their visa requirements are and what personal identification is required.*
- *It is also important to note that some areas of employment, such as journalism, government authorities and charity organisations, may have additional restrictions in applying for visas. This may, in turn, affect the type of application required.*
