TOUR GUIDE VS. TOUR LEADER

Tour Guide

Important Information

time. They are a licensed, qualified expert who supplies specific information on the history, art, architecture, and culture of the city, village, or attraction where they are guiding the tour. The guide meets the group at the required place and leaves them at the end of the tour; they do not travel with the group.

Tour Leader

An experienced person tasked with ensuring the smooth operation of tours, as well as providing practical support to passengers throughout the whole trip. Their role primarily includes assisting with accommodation, transportation between locations, and communication with tour guides at each stop. A tour leader may provide general guidance around a city or village and offer information on the places visited on the bus. However, they are not required to possess specific knowledge of art, architecture, or history. They are not allowed to provide a guided tour or commentary of a city, village, or attraction once they are there, and if caught doing so, can be fined.

Please note: Tour leaders/guides are not a standard inclusion in all travel offers. Tour leaders/guides will only be made available when necessary to enhance the experience of the featured destination.

As an extension of the EES implementation introduced from 2025, ETIAS travel authorisation is a mandatory entry requirement for visa-exempt nationals travelling to any of [these 30 European countries](#), including Australian and New Zealand citizens, that will be introduced in 2026.
