Day 8 Monteverde Cloud Forest

This morning, wake up early and enjoy breakfast at the hotel before heading out on a guided walk to explore Monteverde Cloud Forest Reserve, one of the most breathtaking in the world. It is a tropical rainforest, but because of its altitude (1400 meters or 4.600 feet), it's called a Cloud Forest. A cloud forest is a highland forest characterised by nearly 100% humidity throughout the year. Here in Monteverde, warm north-easterly trade winds, filled with moisture, blow in from the Atlantic. As the winds sweep up to the Continental Divide, they cool and condense to form clouds, bathing the forest in a constant soft mist.

The cloud forest receives an incredible four meters of rain every year- over twelve feet! It is home to rare and unusual wildlife as well as over 450 species of birds including the world's largest population of quetzal birds. An expert guide will lead you through the network of trails in the reserve that stretches across 13 kilometres of the forest. The trails are well-maintained and perfect for day trips. Step foot on the Continental Divide, where one foot will be on the Caribbean side and the other on the Pacific side. With views of both the Pacific Ocean and the Caribbean Sea, this reserve is full of plants and animals. In fact

the reserve is home to over 100 species of mammals including white-faced and howler monkeys, pacas, porcupines, deer, ocelots, jaguars, and pumas. There are also 160 species of reptiles and amphibians including 29 species of lizards, 71 snakes and 60 amphibian species. The reserve is most famous for the exotic birds that inhabit it such as the resplendent quetzals, bellbirds, emerald toucanets, toucans, trogons, and many species of hummingbirds.

Please note: The guided walk lasts approximately 2.5 hours.

Overnight: Hotel Los Cipreses Monteverde or similar
Meals included: Breakfast

Day 9 Monteverde - Manuel Antonio

Other Important Information

TOUR GUIDE VS. TOUR LEADER

Tour Guide:

Often locals with intimate knowledge of an area, its culture, and history. Their role entails providing commentary, routing the tour, and seeing that people have a good time. They are a licensed, qualified expert who supplies specific information on the history, art, architecture and culture of the city/village/attraction where they are guiding the tour. The guide meets the group at the required place and leaves it at the end of the tour; they do not travel with the group.

Tour Leader:

An experienced person tasked with ensuring the smooth operation of tours, as well as providing practical support to passengers throughout the whole trip. Their role primarily includes assisting with accommodation, transportation between locations, and communication with tour guides at each stop. A tour leader may provide general guidance around a city or village and offer information on the place visited on the bus. However, they are not required to have specific art, architecture, or historical knowledge. They are not allowed to provide a guided tour or commentary of a city/village/attraction once there and, if caught doing so, can be fined.

Please note: Tour leaders/guides are not a standard inclusion in all travel offers. Tour leaders/guides will only be made available when required to enhance the experience of the destination featured.

CLIMATE & AVERAGE TEMPERATURES

May - June

This period marks the official start of Costa Rica's green season. While rainfall becomes more frequent, it's still

interspersed with plenty of warm sunshine, particularly in the Central Valley, Caribbean Coast, and Northern Pacific. Average temperatures range between 24°C and 29°C. National parks are quieter, allowing for longer, uninterrupted wildlife viewing, while surfers will appreciate the increasing swells along the country's top surfing beaches.

July - August

Rainfall continues to increase, but this doesn't deter many visitors, especially families travelling during school holidays to enjoy Costa Rica's wealth of adventure activities. Daytime temperatures hover around 23°C to 28°C. This is a prime time to spot green sea turtles nesting along Tortuguero National Park's coastline and marks the beginning of whale-watching season near Dominical. For travellers craving beach time, the far northern Pacific coast remains a sunny option, as it receives the lowest rainfall year-round.

November - December

The rainy season starts to taper off, though the timing of the final heavy showers can be unpredictable. Some areas may still experience downpours until the end of November, with daytime temperatures averaging 22°C to 27°C. By mid-December, the rains ease, ushering in the drier season and making it an ideal time to explore both the beaches and national parks.

Weather

We always suggest referring to an online source for the most up-to-date weather information for your destination/s.

Please note: If you have any concerns, please consult your healthcare provider prior to purchase/travel.

Yellow Fever:

A valid international certificate of vaccination against Yellow Fever is required in many countries. You may need to present this on arrival at the airport or border crossing. Some countries will refuse entry if you are unable to present your certificate. It's also common for your home country to request a Yellow Fever certificate upon arrival.

You must check with your doctor well before leaving home about the Yellow Fever requirements for the countries you'll be visiting.

Sightseeing:

Please note: If entry to a site is affected by changes in operating hours or public holiday closures, your itinerary, where possible, may be adjusted, or a similar activity will be offered in its place (subject to availability).

Wildlife

TripADeal cannot guarantee animal sightings. Wildlife are unpredictable and factors such as weather conditions, predatory fear and animal movements can impact sightings.

Shopping:

Shopping overseas can be a daunting and confusing experience, especially when there is a language barrier. Please be very cautious when foreign currencies and prices are involved. If paying by credit card, please pay close attention to the amount you are being charged and keep all your receipts.

Do not make any purchases you are not comfortable with or feel pressured into. If you are uncertain or need assistance with the language barrier, please seek assistance from your Tour Guide/Leader. Please refer to our [Terms and Conditions](#) regarding shopping for further information.

Visas

Costa Rica

On an Australian passport, you don't need a visa for a tourist visit of less than 90 days. You might be refused entry if you can't show that you'll return home or travel onwards. Entry and exit conditions can change. Contact the Embassy of Costa Rica for details about visas, currency, customs and quarantine rules.

United States (Transiting)

If travelling on an Australian passport, an ESTA (visa waiver) for the USA is a strict requirement when travelling to or flying through the USA. Once a USA ESTA visa waiver is issued it is valid for 2 years or until your passport expires (whichever is sooner) and will allow multiple entries into the USA. For information on ESTA eligibility or to apply, please visit: <https://esta.cbp.dhs.gov/esta/>

Important Information

Please note: Due to recent changes to USA immigration policies, TripADeal recommends all travellers visit US Customs & Border Protection

Important:

- *Please start arranging your visa three weeks before departure to account for any delays due to consulate operating hours.*
- *Visa rules are subject to change. Please check with the nearest embassy, consulate or immigration department of the destination/s you are visiting once you receive your travel documentation to ensure you have the most up to date information.*
- *It is your responsibility to be travel-ready and ensure that you are aware and comply with any destination or travel requirements, including the validity of all required travel documents.*
- *Passengers who are not Australian citizens must also check with the respective consulate or visa agency to determine what their visa requirements are and what personal identification is required.*
- *It is also important to note that some areas of employment, such as journalism, government authorities and charity organisations, may have additional restrictions in applying for visas. This may, in turn, affect the type of application required.*

Travel Insurance

Embarking on your next trip is exciting, and while you hope the unexpected does not happen, it is best to be prepared. We strongly recommend you take out travel insurance when making your booking. Whether it's a potential medical emergency, a flight cancellation, a delayed suitcase, or an unforeseen event, it's important to ensure you're adequately protected.
