

A wide-angle photograph of a snowy Antarctic landscape. In the foreground, two people in bright yellow expedition jackets and dark trousers are walking away from the camera across a vast, flat expanse of snow. In the background, a large, jagged mountain peak rises from the ice, its slopes partially covered in snow and patches of dark rock. The sky is a clear, pale blue. The overall scene conveys a sense of adventure and exploration in a remote, icy environment.

15-DAY CRUISE PACKAGE | ANTARCTIC EXPLORER EXPEDITION VOYAGE

The Itinerary

Day 1 Australia (or New Zealand) - Buenos Aires, Argentina

Today, make your own way to the airport to board your flight from Australia (or New Zealand) to Buenos Aires, Argentina.

Upon arrival, meet your driver and transfer to your hotel then enjoy the rest of your day at leisure.

Overnight: Grand Brizo Buenos Aires or similar,
Meals included: In-Flight

Day 2 Buenos Aires - Ushuaia, Argentina - Begin 10-Night Antarctica Expedition

After an early breakfast at the hotel, you'll transfer to the airport and board a private charter flight to Ushuaia, Argentina.

Upon arrival, you'll be transferred from the airport to a central downtown location to enjoy some time on your own. Revel in the chance to explore this quaint port town before making your way to the pier. Embarkation will occur in the late afternoon, after which your vessel will sail down the historic Beagle Channel, which transects the Tierra del Fuego archipelago in the extreme south of South America. Expect an air of anticipation as you depart—the next time you see land, you'll be on the world's most southern continent!

Optional Activities:

During your voyage you will have opportunities to join optional activities to enhance your experience.

These activities are weather dependent and will be coordinated by the expedition team onboard and will operate on days where the conditions are optimal for your experience.

Paddling Excursion:

Duration: 1 - 1.5 hours

Fitness Level: Moderate - No past experience required

Glide through the pristine polar waters in a sit-on-top, two-person, inflatable kayak for an unforgettable experience in the Antarctic wilderness. These stable, rugged and comfortable crafts are an ideal way to see the polar regions from a different perspective. Experienced guides will lead you safely throughout the paddling excursion. Your group will always be escorted by an additional safety driver who will stay close by to provide additional support.

Stand-up Paddle-boarding:

Duration: 1 - 1.5 hours

Fitness Level: Moderate - Previous experience isn't necessary but comfortability with water is an asset.

SUP'ing adventures are offered in protected bays and channels during calm weather conditions. Stand-up Paddleboarding, popularly known as SUPing, originated in Hawaii. Quark Expeditions is the first company to bring this water sport all the way to Antarctica. SUPing combines the immersive experience of kayaking but in a standing position. Participants, if they prefer, can kneel, sit or even lie down and stare up at the azure Antarctic sky. Because of their wide base and tail fins, SUP boards are quite stable, enabling participants – after a bit of practice – to stop staring at their feet and admire the surrounding scenery. Imagine seeing Gentoo penguins gliding below you, or making eye contact with a Weddell seal lying on a piece of ice as you

The Itinerary

paddle by. Guests receive on-ship and on-water instruction from a qualified SUP guide. In addition, a safety driver (in a Zodiac) stays within range to offer assistance.

Sea Kayaking:

The kayak adventure option is open to all levels of experience. However, it is highly recommended that you have some sea kayaking related experience prior to kayaking in the polar regions with Quark Expeditions. Our sea kayaks are the ideal means by which to slow down and connect with the pristine natural environments and surroundings. Positioning yourself in the seat of a kayak is one of the most intimate ways travellers can connect with the polar regions—at water level, up close, where you can touch and feel every polar sensation imaginable. The Sea Kayak Program enables a small group of like-minded individuals to forge bonds as they explore fjords, glacial faces or mazes of sea ice. Conditions and logistics permitting, your kayak guide(s) will endeavor to have you paddling as often as possible throughout the voyage. Typically, sea kayakers are shuttled by Zodiac from the ship to an ideal starting point, where the kayak excursion begins. Guests return to the ship by Zodiac at the end of their paddling experience. Some kayak excursions are designed so guests can go ashore and explore.

Camping on Antarctica:

Imagine for a moment, staring at the stars in the indigo glow of an Antarctic night as you bed down for the night outside in the elements. The buzz of your daily life becomes a distant memory as you listen to the bray of penguin, the ethereal calls of the Weddell sea – even the exhalation of a humpback whale. And then you fall asleep. Antarctic Camping with Quark Expeditions is

an unforgettable experience. After dinner onboard, you'll be escorted ashore by Zodiac to camp out on the snow for the night in your ready-to-roll bivy sack (tents can be used upon request). Once you decide on your spot, you set up camp and enjoy the peace as the Antarctic night unfolds. Camping in Antarctica is limited to 50 participants, all of whom will be briefed beforehand on the principals of basic camping. Prior to you settling down for the night, Quark Expeditions staff will prepare the site, including setting up a perimeter in safe, flat to gently-sloping and beautiful site. You're free to choose where (within the perimeters) you want to settle down for the night.

You'll be equipped with the following:

- Mummy-style sleeping bag
- Bivy sack Insulated sleeping pad
- Sleeping bag liner

Day 5 South Shetland Islands and Antarctic Peninsula

The most common reaction upon reaching the 7th Continent is a sense of reverence and awe. The experience is beyond words, since few places are as untouched and enduring as Antarctica. Your Expedition Team will take care of you at each landing, whether you are hiking the Antarctic landscape, visiting a research station or consorting with chinstrap, Adelie and Gentoo penguins, all of which can be found here. Keep an eye out for Weddell, fur, Crabeater and leopard seals as well as curious whales, such as humpbacks, minke or perhaps orcas while on a Zodiac cruise. Each excursion will present a new array of creatures to fascinate you and keep your camera busy. Other Important Information

TOUR GUIDE VS. TOUR LEADER

Tour Guide:

Often locals with intimate knowledge of an area, its culture, and history. Their role entails providing commentary, routing the tour, and seeing that people have a good

time. They are a licensed, qualified expert who supplies specific information on the history, art, architecture and culture of the city/village/attraction where they are guiding the tour. The guide meets the group at the required place and leaves it at the end of the tour; they do not travel with the group.

Tour Leader:

An experienced person tasked with ensuring the smooth operation of tours, as well as providing practical support to passengers throughout the whole trip. Their role primarily includes assisting with accommodation, transportation between locations, and communication with tour guides at each stop. A tour leader may provide general guidance around a city or village and offer information on the place visited on the bus. However, they are not required to have specific art, architecture, or historical knowledge. They are not allowed to provide a guided tour or commentary of a city/village/attraction once there and, if caught doing so, can be fined.

Please note: Tour leaders/guides are not a standard inclusion in all travel offers. Tour leaders/guides will only be made available when required to enhance the experience of the destination featured.

CLIMATE & AVERAGE TEMPERATURES

Buenos Aires

In November, Buenos Aires transitions from spring to early summer, with average daily temperatures ranging from a low of 16°C to a high of 25°C, making for a very pleasant climate with rising humidity. As summer begins in December, the weather becomes warmer and more humid, with average high temperatures reaching 28°C and lows around 18°C. This period marks the start of the summer season, characterized by more heat and a greater chance of thunderstorms.

Antarctica

Antarctica's weather in November and December is highly variable, but for those traveling to the Antarctic Peninsula, it's the

start of the summer season and the most hospitable time of year. In November, which is considered late spring, temperatures typically average between -2°C to -4°C, with the landscape still heavily covered in pristine snow and ice. As December ushers in the peak of summer, temperatures rise, often hovering around the freezing point, with average highs of 1°C and lows of -2°C. While this is the "warmest" time, conditions can change rapidly, with chances of wind and snowfall. A key feature of this period is the near-constant daylight, with up to 24 hours of sun in December, providing ample time for exploration

We always suggest referring to an online source for the most up-to-date weather information for your destination/s.

FLIGHTS

Seat Selection & Frequent Flyer Points:

We do not arrange seat selection. It is essential to highlight that some airlines do not allow pre-selected seats. We strongly suggest you contact the airline directly with seating allocation requirements and/or arrive at the airport earlier to arrange your seating. While we do not add frequent flyer member details to bookings, you can do this directly with the airline once you have your flight information.

Passport Validity:

Customers must provide valid passport details either at the time of purchase or no later than 90 days before the departure date. Failure to do so may result in the cancellation of the booking. Customers will be responsible for any costs and fees incurred in this instance.

Meals:

For meals not included, the tour leader (when available) will offer assistance with reservations, suggestions and directions to local restaurants. It is your responsibility to notify us of any dietary requests/requirements.

Important Information

Please note: We will do our best to meet your requests/requirements; however, we cannot guarantee that we will always be able to.

Luggage:

You will be responsible for all your personal belongings whilst on tour. You must carry your own luggage from the vehicle to the hotel room and back to the vehicle. The driver will assist with the uploading and unloading of bags from the vehicle.

OTHER

Mobility:

If you require wheelchair access please contact our friendly sales and service team to inquire on your behalf.

Fitness Level Required:

Adventure (and spontaneity) create some of the best travel memories. Bear in mind, your home schedules and timings might not be adhered to on tour - it's all part of the fun!

A Moderate level of fitness will be required.

Expect a moderate pace of touring with a focus on guided tours that may include full days with extended activity, guided city tours or nature walks. You will require a general level of fitness for unassisted navigation of stairs and inclines, longer distances with possible periods of standing when visiting sites, walking on sloping, uneven ground or elevations. You will be responsible for your own luggage and have the ability to board all modes of transport without assistance. Please note: Many areas may be inaccessible to wheelchairs or mobility scooters, where the unassisted use of personal walking sticks and other aids may be required. Although some assistance may be available, every traveller should be self-reliant during all aspects of their travel.

Please note: It is expected that every traveller must be self-reliant and able to undertake all aspects of their own travel. Please speak to your booking agent about your personal circumstances and any assistance

requirements to ensure this tour is right for you.

Please note: If you have any concerns, please consult your healthcare provider prior to purchase/travel.

Yellow Fever:

A valid international certificate of vaccination against Yellow Fever is required in many countries. You may need to present this on arrival at the airport or border crossing. Some countries will refuse entry if you are unable to present your certificate. It's also common for your home country to request a Yellow Fever certificate upon arrival.

You must check with your doctor well before leaving home about the Yellow Fever requirements for the countries you'll be visiting.

Sightseeing:

Please note: If entry to a site is affected by changes in operating hours or public holiday closures, your itinerary, where possible, may be adjusted, or a similar activity will be offered in its place (subject to availability).

Shopping:

Shopping overseas can be a daunting and confusing experience, especially when there is a language barrier. Please be very cautious when foreign currencies and prices are involved. If paying by credit card, please pay close attention to the amount you are being charged and keep all your receipts.

Do not make any purchases you are not comfortable with or feel pressured into. If you are uncertain or need assistance with the language barrier, please seek assistance from your Tour Guide/Leader. Please refer to our [Terms and Conditions](#) regarding shopping for further information.

Visas

Argentina

A tourist visa for Argentina is no longer required if travelling on an Australian Passport. Passengers must hold a passport valid at least six months on entry with one

blank visa page.

Please note: Effective immediately, all international travellers to Argentina must hold valid travel insurance with medical coverage. This insurance may be requested and verified upon arrival in the country. Argentina's public healthcare system will no longer provide free medical services to foreign nationals. It is therefore essential that you obtain appropriate insurance before your departure.

Chile

As of 17th September 2025 tourist visas for Chile are not required if travelling on an Australian Passport. You can stay in Chile for up to 90 days without a visa. If you're unsure whether you need a visa, contact the nearest [embassy or consulate of Chile](#).

Important:

- *Please start arranging your visa three weeks before departure to account for any delays due to consulate operating hours.*
- *Visa rules are subject to change. Please check with the nearest embassy, consulate or immigration department of the destination/s you are visiting once you receive your travel documentation to ensure you have the most up to date information.*
- *It is your responsibility to be travel-ready and ensure that you are aware and comply with any destination or travel requirements, including the validity of all required travel documents.*
- *Passengers who are not Australian citizens must also check with the respective consulate or visa agency to determine what their visa requirements are and what personal identification is required.*
- *It is also important to note that some areas of employment, such as journalism, government authorities and charity organisations, may have additional restrictions in applying for visas. This may, in turn, affect the type of application required.*
