### The Itinerary

#### Day 3 Broome to Fitzroy Crossing

Enjoy a relaxed morning in Broome before setting off on your Kimberley adventure. Please ensure you are packed and ready in the lobby by 11:00 for departure.

The journey today follows the Great Northern Highway into the Fitzroy Valley - an area rich in Aboriginal heritage and home to five distinct language groups, each with their own traditions and customs. Along the way, take in the wide horizons and rugged beauty of the Western Kimberley before arriving in Fitzroy Crossing, a welcoming outback hub set on the banks of the mighty Fitzroy River.

This evening, unwind at the Fitzroy River Lodge, enjoying the comfort of an ensuite, air-conditioned room. The lodge also features an on-site licensed restaurant and bar, perfect for relaxing after a day on the road.

*Please note: From Days 3-8, twin and double bedding is subject to availability. Please indicate your preference on your Passenger Information Form.*

**Overnight: Fitzroy River Lodge**

**Meals included: Lunch; Dinner**

#### Day 4 Fitzroy Crossing - Purnululu National Park (the Bungle Bungles)

Today's journey is long but filled with remarkable sights and experiences. Travel east to the historic gold rush town of Halls Creek, to see the striking China Wall - a natural quartz vein that resembles a miniature version of the Great Wall of China.

In the afternoon, the scenery transforms as you enter Purnululu National Park, a UNESCO World Heritage-listed treasure and one of the Kimberley's most iconic landscapes. Shaped over 350 million years, the park is home to the famous Bungle Bungle Range, known for its unique orange-and-black striped "beehive" domes. These incredible sandstone formations, carved by rivers over millions of years, remained largely unknown to the outside world until the 1980s and were officially declared a national park in 1987.

As the sun begins to set, enjoy sweeping panoramic views over the Osmand Range, a truly unforgettable introduction to this ancient land.

Check in to the Bungle Bungle Savannah Lodge for a two-night stay. The lodge is perfectly situated in the heart of the park, with eco safari tents offering views of the Bungles Massif right from your doorway. Each tent features a private ensuite bathroom, louver windows for natural airflow, and a pedestal fan for comfort (please note there is no air-conditioning). The lodge also offers a covered dining deck with panoramic views and a welcoming open-air campfire - ideal for relaxing, stargazing, and sharing stories under the sparkling Kimberley night sky.

Driving distance 475 kilometres over approximately 7 hours.

**Meals included: Breakfast; Lunch; Dinner**

## 15-DAY TOUR PACKAGE | SPIRIT OF THE KIMBERLEY

### The Itinerary

#### Day 5 UNESCO World Heritage listed Purnululu National Park (the Bungle Bungles)

Today is a welcome break from long drives, giving you time to immerse in the stunning landscapes of Purnululu National Park. Explore the park on foot with hikes that showcase the striped sandstone domes of the Bungle Bungle Range from ground level.

Begin with the Echidna Chasm walking trail - a 2-kilometre round trip through a narrow gorge with steep walls reaching up to 200 metres high. In places, the walls are barely a metre apart, creating a dramatic and unforgettable experience.

Next, venture to Cathedral Gorge, another 2-3 kilometre walk among the towering beehive domes. This trail leads to a natural amphitheatre and a permanent pool, following part of Piccaninny Creek. Along the way, observe the striking layers of sediment and the protective orange iron oxide and grey cyanobacteria banding that give the domes their distinctive look. The uneven loop brings you up close to the formations, allowing for remarkable photo opportunities and an intimate appreciation of this ancient landscape.

For those seeking a truly elevated perspective, an optional helicopter scenic flight with Heli-Spirit can be arranged directly with your guide (at an additional cost). From the air, the vast scale and unique patterns of the Bungle Bungle Range are breathtaking.

After a day of exploration and adventure, return to the lodge to relax under the Kimberley night sky.

#### Purnululu National Park

Grade: Moderately easy 2-3 kilometre walk. Class 4 Walk Terrain

Sandy path, stepping over rock ledges, around waterholes and past eroded potholes to an incredible natural amphitheatre carved out of sandstone. Some steps with a handrail. The walking into Cathedral Gorge is mostly firm and easy underfoot. There are a couple of ladders and a few places where you have to be careful not to slip on the sandy-sloped surface.

#### Echidna Chasm, Purnululu National Park

Grade: Moderate. Class 4 Walk Terrain

Rocky Creek bed to the base of a spectacular 200-metre-high chasm. Steps to viewing platforms and boulders to climb over. This is a pretty short walk – about 2 kilometres return – but it's easily a favourite among visitors. Starting from the Echidna Chasm car park you head up what looks like a dry creek bed. Some people find the boulders, ranging from tennis ball size to much larger, difficult to walk on. It can be tough on the ankles so make sure you wear supportive boots. If you don't like ladders and clambering over big boulders you don't have to get right to the end.

Driving distance 100 kilometres over approximately 2 hours.

\*Today's activities will be based on the group's ability, the heat and other factors.

**Overnight: Bungle Bungles Savannah Lodge**

**Meals included: Breakfast; Lunch; Dinner**

## 15-DAY TOUR PACKAGE | SPIRIT OF THE KIMBERLEY

### The Itinerary

#### Day 6 Purnululu National Park - Kununurra (Lake Argyle)

Rise early for a scenic journey from the Bungle Bungles to Kununurra, starting with a thrilling four-wheel-drive adventure before reconnecting with the highway. Travel through the remote outback town of Durack before arriving at the breathtaking Lake Argyle, a vast and largely untouched paradise.

Upon arrival, set out on a Sunset Explorer Cruise. Glide through bays and inlets while spotting local wildlife, including freshwater crocodiles basking along the banks. Snap a photo of Mount Misery, which rises above the site of the original Argyle Downs Homestead, now submerged beneath the lake. Take a refreshing swim at the serene Bay of Islands, then toast the sunset with complimentary beer, wine, or soft drinks.

After the cruise, return to your accommodation for a relaxed evening. Tonight, enjoy a standard studio cabin with ensuite and air-conditioning, the perfect place to rest and recharge.

Driving distance 385 kilometres over approximately 7 hours.

**Overnight: Lake Argyle Discovery Resort**

**Meals included: Breakfast; Lunch; Dinner**

#### Day 7 Kununurra (Lake Argyle) - El Questro Station

Enjoy a leisurely morning before departing for the iconic El Questro Station.

Perhaps take a final stroll along one of the nearby bush trails, soaking in the natural beauty of the area. The short drive brings you to this extraordinary cattle station, which spans 700,000 acres on Wilinggin Country. El Questro is one of the world's most unique destinations, with rugged landscapes, ancient boab trees, and breathtaking vistas around every corner.

On the way, experience the hidden gem of Emma Gorge. This lush oasis at the base of the Cockburn Ranges features palms and pandanus tucked into striking red cliffs. The Emma Gorge walk is a rewarding but challenging Grade 4 hike, approximately 3.2 kilometres, return, and taking around 1.5–2 hours. It involves rough terrain and some rock scrambling, leading to a spectacular waterfall and swimming hole. Guests who prefer a shorter stroll can enjoy a shaded resting spot while others complete the full hike and meet them on the return.

Check in for a two-night stay in a permanent Station Tent, featuring a queen bed and air-conditioning, with nearby bathroom amenities. El Questro Station also offers an on-site steakhouse, café, and general store, ensuring all your needs are covered.

Included in your time at El Questro is a refreshing dip at Zebedee Springs and a visit to Emma Gorge.

Optional activities (at an additional cost and arranged directly with El Questro) include a Chamberlain Gorge cruise, bush tucker walk, or birdwatching tour (subject to availability). Alternatively, simply relax and explore this pristine wilderness at your own pace.

#### Hiking Information: Emma Gorge – 3.2 kilometres

This track can be a little challenging at times with some rock scrambling but all in all, this is a short trip for such an excellent spot. Don't forget your swimmers as this is a fantastic spot to cool off.

Driving distance 50 kilometres over approximately 1 hour.

Along the way, take in the dramatic landscapes of the Kimberley before arriving at Mt Barnett Station, located midway along the iconic stretch. Here, you'll have the opportunity to cool off with a swim in one of the region's many natural waterholes.

This evening, settle into camping by a billabong at Mt Barnett Station. Accommodation is simple but comfortable, with single stretcher beds in tents, with nearby showers and toilets. Each guest will be provided with a stretcher bed and sleeping bag. Travellers will need to ensure they bring a pillow and pillowcase.

Please note that for Days 9–11, all overnight stays will be in stretcher beds, so double bedding is not available.

Driving distance 330 kilometres over approximately 6.5 hours.

**Overnight:** Mt Barnett Cattle Station

**Meals included:** Breakfast; Lunch; Dinner

#### Day 10 Manning and Galvans Gorge

Today, explore two of the best-known natural waterholes, Manning and Galvans Gorges. In the morning, explore the rugged beauty of Manning Falls, where you can swim in deep, clear pools, wander along streams, spot local wildlife, and take a refreshing dip beneath the waterfall.

## 15-DAY TOUR PACKAGE | SPIRIT OF THE KIMBERLEY

### The Itinerary

In the afternoon, continue your adventure at Galvans Gorge, a serene paradise filled with cool waters and water lilies, perfect for swimming and soaking up the tranquil surroundings.

#### Galvans Gorge – 2 kilometres

This 2 kilometre, easy trail leads past picturesque lily pools and lush vegetation to a stunning multi-tiered waterfall-fed pool.

#### Manning Gorge – 6 kilometre Grade 4 Walk.

The 6-kilometre return trail starts at the Manning Gorge Campsite. The trailhead is right on the Manning River and you have to cross it, swimming, wading or both (this is 20 metres each way). Accessing the gorge entails an adventurous 3-kilometre (5.8-kilometre return) hike, marked by rock cairns, red discs, and arrows.

Starting at the campground, hikers cross Manning Creek before continuing. The trail goes through uneven, rocky terrain getting progressively harder near the end. Most people of reasonable fitness should do the Grade 4 trail. The trail offers scenic views but involves uneven terrain, rock scrambling, and an incline toward the end. Essential items include drinking water and a hat due to the lack of shade.

Driving distance 80 kilometres over approximately 1.5 hours.

#### **Overnight: Mt Barnett Cattle Station**

**Meals included: Breakfast; Lunch; Dinner**

#### **Day 11 West Kimberley Gorges**

Rise early for a memorable morning at Dalmanyi (Bell Gorge), one of the West Kimberley's hidden gems. Renowned for its stunning waterfalls and crystal-clear pools, formed over millions of years, Bell Gorge offers the perfect spot to swim, explore, and take in the spectacular scenery. Spend a few hours soaking in this pristine wilderness, surrounded by towering cliffs and lush vegetation.

In the afternoon, continue your adventure through Bandilngan National Park to Windjana Gorge in the Napier Range, a geological marvel over 350 million years old. Towering walls rise up to 90 metres, creating a dramatic setting for wildlife spotting. Keep an eye out for freshwater crocodiles, native birds, and unique bush foods, all while immersing yourself in the rugged beauty of this ancient landscape.

Tonight is the most simple evening's accommodation, where you'll set up your own dome pop-up tent. Each guest is provided with a swag, fitted sheets, sleeping bag, and nearby bathroom facilities are available. Travellers will need to ensure they bring a pillow and pillowcase. This simple but immersive experience brings you closer to the Kimberley's remote wilderness and under a sky full of stars.

#### Hiking Information: Dalmanyi (Bell Gorge)

## Tour Guide Vs. Tour Leader

### Tour Guide:

Often locals with intimate knowledge of an area, its culture, and history. Their role entails providing commentary, routing the tour, and seeing that people have a good time. They are a licensed, qualified expert who supplies specific information on the history, art, architecture and culture of the city/village/attraction where they are guiding the tour. The guide meets the group at the required place and leaves it at the end of the tour; they do not travel with the group.

### Tour Leader:

An experienced person tasked with ensuring the smooth operation of tours, as well as providing practical support to passengers throughout the whole trip. Their role primarily includes assisting with accommodation, transportation between locations, and communication with tour guides at each stop. A tour leader may provide general guidance around a city or village and offer information on the place visited on the bus. However, they are not required to have specific art, architecture, or historical knowledge. They are not allowed to provide a guided tour or commentary of a city/village/attraction once there and, if caught doing so, can be fined.

*Please note: Tour leaders/guides are not a standard inclusion in all travel offers. Tour leaders/guides will only be made available*

*when required to enhance the experience of the destination featured.*

### Weather in the Kimberley (June – September)

The Kimberley's dry season runs from June to September, making it the most popular time to visit. Days are generally warm and sunny, with average temperatures ranging between 20°C and 30°C, while evenings are cooler (sometimes getting quite cool). Rainfall is rare, ensuring clear skies, accessible roads, and ideal conditions for exploring gorges, waterfalls, and outback landscapes. This period is perfect for touring, as humidity is low and natural attractions are at their most inviting.
