Using the Zodiacs, you may get close to some of the rocky shores with the possibility of a landing and nature walk. The coast in this region grows more rugged the closer you get to the open sea, with rocky pinnacles and sea caves galore.

In the evening, pass by Point Adolphus, located on the northern tip of Chichagof Island across from Glacier Bay National Park. The nutrient-rich waters are known for attracting humpback whales and other marine life, so be sure to get out on deck and have your camera ready.

Take a transfer to the Chilkat Bald Eagle Preserve and, after a safety talk and lifejacket fitting, your river adventure begins. Float silently downstream aboard inflatable rafts to spot predators drawn by the salmon. This includes eagles, bears and maybe even wolves. #### **Day 8 Tracy Arm (or Endicott Arm), Alaska**

Holkham Bay is home to two beautiful fjords, Tracy Arm and Endicott Arm. The aim is to visit either of the two, depending on the changing ice conditions. The Captain will decide which offers better exploration options on the day.

## Other Important Information

### TOUR GUIDE VS. TOUR LEADER

### Tour Guide

Often locals with intimate knowledge of an area, its culture, and history. Their role entails providing commentary, routing the tour, and seeing that people have a good time. They are a licensed, qualified expert who supplies specific information on the history, art, architecture and culture of the city/village/attraction where they are guiding the tour. The guide meets the group at the required place and leaves it at the end of the tour; they do not travel with the group.

### Tour Leader

An experienced person tasked with ensuring the smooth operation of tours, as well as providing practical support to passengers throughout the whole trip. Their role primarily includes assisting with accommodation, transportation between locations, and communication with tour guides at each stop. A tour leader may provide general guidance around a city or village and offer information on the place visited on the bus. However, they are not required to have specific art, architecture, or historical knowledge. They are not allowed to provide a guided tour or commentary of a city/village/attraction once there and, if caught doing so, can be fined.

*Please note: Tour leaders/guides are not a standard inclusion in all travel offers. Tour leaders/guides will only be made available when required to enhance the experience of the destination featured.*

### CLIMATE & AVERAGE TEMPERATURES

#### Canada

May in Canada's West Coast, particularly in the populated coastal regions of British Columbia like Vancouver and Victoria, marks the pleasant transition from spring toward summer, offering arguably the mildest climate in the country. Travellers can expect generally comfortable conditions with average daytime highs typically ranging between 16°C and 18°C, while evening temperatures remain quite cool, dropping to an average low of 8°C to 10°C, making the overall monthly average

around 13°C. This time of year sees a welcome increase in sunnier days and decreasing rainfall compared to the damp winter months, but as the maritime weather is changeable, it is highly advisable to pack layers and a waterproof outer shell to comfortably manage the cooler nights and any sudden, albeit usually brief, rain showers.

#### Alaska

In May, Alaska is transitioning into its mild cruising season, offering a climate that is significantly cooler than Canada's West Coast and highly variable depending on the region you are in. Throughout South-central Alaska (Anchorage/Seward) and the Inside Passage, you can generally expect daytime highs to hover between 10°C and 14°C, though areas like Anchorage may feel warmer towards the end of the month, reaching 12°C to 14°C. Nighttime temperatures are cold, averaging from a chilly 1°C to 4°C, especially in areas closer to the glaciers and fjords like Seward, which will be near freezing. A key advantage of traveling in May is that it is historically one of Alaska's driest months, with long daylight hours (up to 18 hours or more) offering extended viewing opportunities; however, regardless of the lower rainfall, dressing in thermal layers, waterproof gear, and warm outerwear is essential to comfortably enjoy the icy wilderness.

### Weather

We always suggest referring to an online source for the most up-to-date weather information for your destination/s.

While we do not add frequent flyer member details to bookings, you can do this directly with the airline

## OTHER

### Mobility

### Fitness Level Required

Adventure (and spontaneity) create some of the best travel memories. Bear in mind, your home schedules and timings might not be adhered to on tour - it's all part of the fun!

A moderate level of fitness will be required. Expect a moderate pace of touring with a focus on guided tours that may include full days with extended activity, guided city tours or nature walks. You will require a general level of fitness for unassisted navigation of stairs and inclines, longer distances with possible periods of standing when visiting sites, walking on sloping, uneven ground or elevations. You will be responsible for your own luggage and have the ability to board all modes of transport without assistance.

*Please note:*

- *Many areas may be inaccessible to wheelchairs or mobility scooters, where the unassisted use of personal walking sticks and other aids may be required. Although some assistance may be available, every traveller should be self-reliant during all aspects of their travel.*
- *It is expected that every traveller must be self-reliant and able to undertake all aspects of their own travel. Please speak to your booking agent about your personal circumstances and any assistance requirements to ensure this tour is right for you.*
- *If you have any concerns, please consult your healthcare provider prior to purchase/travel.*

### Yellow Fever

A valid international certificate of vaccination against Yellow Fever is required in many countries. You may need

to present this on arrival at the airport or border crossing. Some countries will refuse entry if you are unable to present your certificate. It's also common for your home country to request a Yellow Fever certificate upon arrival. You must check with your doctor well before leaving home about the Yellow Fever requirements for the countries you'll be visiting.

### Sightseeing

*Please note: If entry to a site is affected by changes in operating hours or public holiday closures, your itinerary, where possible, may be adjusted, or a similar activity will be offered in its place (subject to availability).*

### Shopping

Shopping overseas can be a daunting and confusing experience, especially when there is a language barrier. Please be very cautious when foreign currencies and prices are involved. If paying by credit card, please pay close attention to the amount you are being charged and keep all your receipts. Do not make any purchases you are not comfortable with or feel pressured into. If you are uncertain or need assistance with the language barrier, please seek assistance from your Tour Guide/Leader. Please refer to our [Terms and Conditions](#) regarding shopping for further information.

## Visas

### United States

If travelling on an Australian passport, an ESTA (visa waiver) for the USA is a strict requirement when travelling to or flying through the USA. For information on ESTA eligibility or to apply, please visit <https://esta.cbp.dhs.gov/esta/>.

*Please note: Due to recent changes to USA immigration policies, TripADeal recommends all travellers visit US Customs & Border Protection.*
