Other Important Information

TOUR GUIDE VS. TOUR LEADER

Tour Guide:

Often locals with intimate knowledge of an area, its culture, and history. Their role entails providing commentary, routing the tour, and seeing that people have a good time. They are a licensed, qualified expert who supplies specific information on the history, art, architecture and culture of the city/village/attraction where they are guiding the tour. The guide meets the group at the required place and leaves it at the end of the tour; they do not travel with the group.

Tour Leader:

An experienced person tasked with ensuring the smooth operation of tours, as well as providing practical support to passengers throughout the whole trip. Their role primarily includes assisting with accommodation, transportation between locations, and communication with tour guides at each stop. A tour leader may provide general guidance around a city or village and offer information on the place visited on the bus. However, they are not required to have specific art, architecture, or historical knowledge. They are not allowed to provide a guided tour or commentary of a city/village/attraction once there and, if caught doing so, can be fined.

Please note: Tour leaders/guides are not a standard inclusion in all travel offers. Tour leaders/guides will only be made available when required to enhance the experience of the destination featured.

CLIMATE & AVERAGE TEMPERATURES
Hawaii generally enjoys a consistently warm and tropical climate year-round. From January to April, which falls within the winter season, average daytime temperatures typically range from 22°C to

26°C, with nights being slightly cooler at around 13°C to 18°C. July, part of the summer season, sees warmer averages, with daytime temperatures hovering around 26°C to 29°C and nighttime lows around 22°C, often accompanied by high humidity. As the year progresses into November and December, the temperatures remain pleasant, generally ranging from 24°C to 27°C during the day, with evening temperatures dipping to about 19°C to 23°C. While these months are considered part of the "winter" season, Hawaii still experiences abundant sunshine and comfortable conditions, though there can be an increase in rainfall, particularly on windward sides of the islands.

Supplier Fees

In the event the tour package you have purchased is unable to proceed, and/or a Travel Supplier is unable to fulfil the tour due to external circumstances (Limitation of Liability e.g. a Force Majeure event), there may be a fee or amount of money that is withheld by our Suppliers and is unrecoverable. This may be due to non-refundable airline tickets, cancellation penalties with cruise cabins or unrecoverable payments with our land/accommodation partners. If refunds are not available from Suppliers, we will endeavour to obtain a travel credit on the best terms available and communicate these outcomes to you. In the event we are unable to obtain a refund or travel service credit, or part thereof, this cost is passed on to the customer as a Supplier Fee.
