Other Important Information

TOUR GUIDE VS. TOUR LEADER

Tour Guide:

Often locals with intimate knowledge of an area, its culture, and history. Their role entails providing commentary, routing the tour, and seeing that people have a good time. They are a licensed, qualified expert who supplies specific information on the history, art, architecture and culture of the city/village/attraction where they are guiding the tour. The guide meets the group at the required place and leaves it at the end of the tour; they do not travel with the group.

Tour Leader:

An experienced person tasked with ensuring the smooth operation of tours, as well as providing practical support to passengers throughout the whole trip. Their role primarily includes assisting with accommodation, transportation between locations, and communication with tour guides at each stop. A tour leader may provide general guidance around a city or village and offer information on the place visited on the bus. However, they are not required to have specific art, architecture, or historical knowledge. They are not allowed to provide a guided tour or commentary of a city/village/attraction once there and, if caught doing so, can be fined.

Please note: Tour leaders/guides are not a standard inclusion in all travel offers. Tour leaders/guides will only be made available when required to enhance the experience of the destination featured.

Dietary Requests

Meal options and availability differ between airlines and routes therefore not all dietary requests can be accommodated.
